Hippocrates' Shadow David H. Newman, 2009-09-15 A clear sighted heartfelt and humane story of the needless tests and treatments that cripple healthcare as a guide to good medicine it may help us get back to the essence of what good doctors do be with patients in healing Samuel Shem M D author of The House of God and The Spirit of the Place In

Hippocrates Shadow Dr David H Newman upends our understanding of the doctor patient relationship and offers a new paradigm of honesty and communication He sees a disregard for the healing power of the bond that originated with Hippocrates and ultimately a disconnect between doctors and their oath to do no harm Exposing the patterns of secrecy and habit in modern medicine's carefully protected subculture Dr Newman argues that doctors and patients cling to tradition and yield to demands for pills or tests Citing fascinating studies that show why antibiotics for sore throats are almost always unnecessary how cough syrup is rarely more effective than a sugar pill and why CPR is violent invasive and almost always futile this thought provoking book cuts to the heart of what really works and what doesn't in medicine **Spirit Guide**

Contact Through Hypnosis Bruce Goldberg, 2025-09-12 Contacting spirit guides is as old as civilization itself Shamans dating back to at least 50 000 B C ritualistically contacted nonphysical entities The Mystery Schools of Ancient Egypt Greece Persia Rome and India also dealt with contacting spirit guides Every major religion acknowledges the reality of discarnate entities or spirits whether they are called saints angels the Holy Spirit and so on One of the purposes of this book is to demystify this process The media's depiction of spirit contact has led to the false assumption that anyone who establishes this contact must be in great danger In reality this communication is natural relatively simple and a wonderful growth experience Spirit communication removes the fear of death and bereavement and results in a form of spiritual empowerment Contacting your spirit guides can help us Develop your intuition and other psychic abilities Increase your ability to love yourself and others Become more aware of the workings of the universe Establish better contact with your own Masters and Guides and Higher Self to facilitate your own spiritual evolution Protect you from negative entities and or other forces in the universe Access the wisdom of the ancients Establish and maintain your own physical mental emotional and spiritual health Overcome bad habits and fears Eliminate the fear of death See into the future Master the art of out of body experiences Learn your true karmic purpose Spirit Guide Contact Through Hypnosis includes free audio companion downloads **Conscious and**

Unconscious Mentality Juraj Hvorecký, Tomáš Marvan, Michal Polák, 2023-11-23 In this collection of essays experts in the field of consciousness research shed light on the intricate relationship between conscious and unconscious states of mind Advancing the debate on consciousness research this book puts centre stage the topic of commonalities and differences between conscious and unconscious contents of the mind The collection of cutting edge chapters offers a breadth of research perspectives with some arguing that unconscious states have been unjustly overlooked and deserve recognition for their richness and wide scope Others contend that significant differences between conscious and unconscious states persist highlighting the importance of their distinct characteristics Explorations into the nature of the transition from unconscious to conscious mind further complicate the picture with some authors questioning whether a sharp divide between unconscious and conscious states truly exists Delving into ontological epistemological and methodological issues this thought provoking text challenges established paradigms and paves the way for a reimagining of consciousness research It does so in an

understandable and accessible way making this a perfect companion for both experts and students of philosophy psychology and related fields Chapters 2 4 9 10 14 and 16 of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license
