In fact, your credit score can be checked by anyone with a legitimate business need to do so. The problem with credit scores is that there is quite a bit of misinformation circulated about, especially through some less than scrupulous companies who claim they can help you with your credit report and credit score for a cost, of course. From advertisements and suspect claims, customers sometimes come away with the idea that in order to boost their credit score, they have to pay money to a company or leave credit repair in the hands of so-called experts. Nothing could be further from the truth. It is perfectly possible to pay down debts and boost your credit on your own with no expensive help whatsoever. In fact, the following 101 tips can get you well on your way to boosting your credit score and saving you money. By the end of this ebook, you will be able to Define a credit score, a credit report, and other key financial terms. Develop a personalized credit repair plan that addresses your unique financial situation. Find the resources and people who can help you repair your credit score.
