Peoples And Cultures Of The Middle East:

Peoples and Cultures of the Middle East (Preliminary Edition) Ozan Say, 2013-12-31 *Peoples and Cultures of the Middle East (Preliminary Edition)* Ozan Say, 2015-08-18 The Modern Middle East People Culture and Everyday Life introduces readers to the history and cultures of the peoples of the contemporary Middle East. It deals with common misconceptions and stereotypes and provides in-depth perspectives of everyday life in the region. After addressing the history and geography of the region, the book supplies ethnographic accounts of social groups, family, gender, and sexuality, religion, politics, and popular culture. This reader provides an opportunity to engage with topics that are new to most students, such as family courts in Iran, the story of a woman traveling in her hijab, and the life of a transgendered Muslim woman. Rather than rendering dry information or relying on outdated examples, this reader offers contemporary, relevant, and ethnographic account of the Middle East and contributes to larger debates about modernity, globalization, power, and knowledge. The reader can be used in courses on the history of the region, Middle Eastern anthropology, and introductory ethnic studies. Ozan Say earned his Ph.D. in folklore and ethnomusicology at Indiana University and is now an international student adviser in the Office of International Students and Scholars at Yale University. Dr. Say's numerous research interests include Middle Eastern culture and politics, folklore, ritual, and festival, vernacular religion, and migration and transnationalism. **Peoples and cultures of the Middle East** Daniel G. Bates, 1983 *Peoples and Cultures of the Middle East: Cultural depth and diversity* American Museum of Natural History, 1970 selected cultural dimensions Volume Two presents a relatively adequate representation of the three major sociological types found in the region: Cities, Towns, and Countryside. It is in this volume that Iran and Afghanistan, by far the most appropriate representatives of the Central Asian cultural zone, come into the picture. *Peoples and Cultures of the Middle East* Daniel G. Bates, Amal Rassam, 1983 This book provides readers with a topical social anthropological introduction to the Middle East. It synthesizes historical, ethnographic, and socioeconomic data within a social science framework and places in proper context the region's distinctive way of life, which has always been at the crossroads of cultures and civilizations. Comprehensive and straightforward coverage includes distinctive theoretical forms without the use of social science jargon. Chapter topics include the prophet, religion, identity, and culture of Islam; communal identities and ethnic groups; pastoralism and nomadic society; agriculture and the changing village; cities and urban life; women and the social order; leadership, patronage, and tribalism; as local organizations of power and challenges and dilemmas facing the Middle East today. For individuals who want to explore problems, patterns, and cultural processes of the area known as the central Middle East. **Peoples and Cultures of the Middle East** Louise E. An Imagined Geography JoAnn D'Alisera,2013-04-19 For more than a decade a vicious civil war has torn the fabric of society in the West African country of Sierra Leone forcing thousands to flee their homes for refugee camps and others to seek peace and asylum abroad Sierra Leoneans have established new communities around the world in London Paris New York Washington D C and

elsewhere Yet despite the great geographic range of this diaspora and the diverse ethnic backgrounds among Sierra Leoneans settled in the same communities abroad these Africans have come to understand and express their shared identity through religious rituals social engagements and material culture In *An Imagined Geography* anthropologist JoAnn D Alisera demonstrates persuasively that the long held anthropological paradigms of separate bounded and unique communities geographically located and neatly localized must be reconsidered Studying Sierra Leonean Muslims living in greater Washington D C she shows how these immigrants maintain intense and genuine community ties through weddings rituals and travel across both vast urban spaces and national boundaries D Alisera examines two primary issues Sierra Leoneans engagement with their homeland to which they frequently traveled and often sent their children for upbringing until the outbreak of the civil war and the Sierra Leonean interaction with a diverse multicultural increasingly global Muslim community that is undergoing its own search for identity Sierra Leoneans in America D Alisera observes express a longing for home and the pain of disconnection in powerful narratives about their country and about their own displacement At the same time however self and communal identity are shaped by a pressing need to affiliate in their adopted country with Sierra Leoneans of all ethnic and religious backgrounds and with fellow Muslims from other parts of the world a process that is played out against the complex social field of the American urban landscape
