Robin Cook S Made Into Movies:

50 MGM Films That Transformed Hollywood Steven Bingen, 2022-11-01 Movies don't exist in a vacuum. Each MGM movie is a tiny piece of a large colorful although often black and white quilt with threads tying it into all of the rest of that studio's product going forward yes but also backward and horizontally and three dimensionally across its entire landscape. Not necessarily a best of compilation this book discusses the films that for one reason or another and not all of them good ones changed the trajectory of MGM and the film industry in general from the revolutionary use of Cinerama in 1962's *How the West Was Won* to Director Alfred Hitchcock's near extortion of the profits from the 1959 hit thriller *North by Northwest*. And there are the studio's on screen self shoutouts to its own past or stars in films like *Party Girl* 1958 the *That's Entertainment* series *Garbo Talks* 1984 *Rain Man* 1955 and *De Lovely* 2004 or the studio's acquisition of other successful franchises such as *James Bond*. But fear not what we consider MGM's classic films all get their due here often with a touch of irony or fascinating anecdote. *Singin' in the Rain* 1952 for example was in its day neither a financial blockbuster nor critically acclaimed but rather an excuse for the studio to reuse some old songs it already owned. *The Wizard of Oz* 1939 cost almost as much to make as *Gone With the Wind* also 1939 and took ten years to recoup its costs. But still the MGM mystique endures. Like the popular Netflix series *The Movies that Made Us* this is a fascinating look behind the scenes of the greatest and at times notorious films ever made. **Movies Made for Television, 1964-2004: 1990-1999** Alvin H. Marill, 2005

Armageddon Films FAQ Dale Sherman, 2013-10-01 FAQ Mankind has been predicting its own demise through various methods from fables and religious scriptures to hard core scientific studies since the dawn of time. And if there is one thing Hollywood knows how to exploit it is the fears of Things to Come. Movies about the end of the world have been around since the early days of cinema and *Armageddon Film FAQ* is a look into the various methods we have destroyed ourselves over the years: zombies, mad computers, uptight aliens, plunging objects from space, crazed animals, Satan, God, Contagions, the ever popular atomic bomb, sometimes even a combination of these in the same movie. *Armageddon Films FAQ* goes from the silent days of filmmaking to the most recent literally earth shattering epics from cinema to television and even the novels from comedies to dramas from supernatural to scientific. It also explores other aspects of the genre such as iconic but unfilmable apocalyptic novels, postnuclear car racing flicks, domestic dramas disguised as end of the world actioners and more from the most depressing to the happiest Armageddons ever. **The Elephants in My Backyard** Rajiv Surendra, 2016-11-08 Rajiv Surendra the rapping mathlete from *Mean Girls* read *Life of Pi* discovered it was being adapted into a major motion picture and embarked on a ten year journey to land the role of a lifetime but this is not a journey of goals and victories this is a story of obsessively pursuing a dream, overcoming failure and finding meaning in life. *The Elephants in My Backyard* is a profound and inspiring story of self discovery in the face of failure, poignant, funny, colourful and absolutely unforgettable. *A Viewing Guide to the Pandemic* Richard Scheib, 2020-01-01 I have had a headache all day I am afraid of what will happen next. A

Viewing Guide to the Pandemic is a film book like no other It opens with the author s first hand account of the Covid 19 pandemic and life in lockdown His sense of dread and anxiety about his state of health were experiences shared with millions of others across the world Already committed to writing a book about plagues and pandemics in popular culture Covid 19 felt like a perverse twist of fate for Richard Scheib Media depictions of deadly contagions had to this point been speculative and often off the mark his book takes an in depth look at what filmmakers imagined would happen and contrasts it with the reality International in scope the book examines films in a wide variety of genres from the silent era to the present day Black Death Ebola Mad Cow Disease Bird Flu it explores fictionalized accounts of plague and pestilence such as box office hit Outbreak 1995 as well as mockumentary treatments Whether the threats depicted have a basis in reality the biowarfare of the Cold War era for instance or are more fantastical Scheib demonstrates how the fear of contagion has provided a wealth of inspiration for the big and small screen

Epidemic Cinema Julia Echeverría, 2023-12-08 This book examines the recent trend in global cinema to feature infectious disease As the global crisis of the COVID 19 pandemic materialised the anxieties and discourses of world risk that had long been portrayed in popular media the book provides a novel definition of the epidemic film genre and offers a systematic look into the narrative and stylistic conventions that characterise it Epidemic

Cinema traces the evolution of the genre from its early cinematic origins to establish the founding principles of a genre standing at the crossroads between science fiction and horror. It draws on close textual analysis to show how the pandemic reified one of the central predicaments of epidemic narratives: the constant tension existing between free-floating phenomena and the impulse to control and resist such phenomena, ultimately epitomised by the trope of the border. Showing how infectious diseases offer a rich allegorical frame which cinema uses to articulate timely anxieties of growingly invisible and deterritorialised risks, the author presents the prevalence of contagion in popular culture as a symptom of this growingly viral and virus-ridden context, both in its most literal and metaphorical sense. This insightful study will interest students and scholars of film studies, global cinema, science fiction, horror, popular culture, and genre theory. Each entry contains a mini-essay that defines the topic, followed by a chronological list of representative films. From the Abominable Snowman to Zorro, this encyclopedia provides film scholars and fans with an easy-to-use reference for researching film themes or tracking down obscure movies on subjects such as suspended animation, viral epidemics, robots, submarines, reincarnation, ventriloquists, and the Olympics. Excellent, said *Cult Movies*. The volume also contains an extensive list of film characters and series, including B-movie detectives, Western heroes made for television, film series, and foreign film heroes and villains. *The Emergence of Man Into the 21st Century* Patricia L.
