IS INFORMATION ABOUT THE ACCOUNTANT'S COMPETENCE, ACCOUNTING, TAX, FINANCIAL, AND OTHER RELEVANT SPECIALTY KNOWLEDGE

Regulation and Information

Accountant's competence is a relatively abstracting concept. Therefore, the competencies are suggested by the lawmaker. The basic competencies of accountants are mentioned in regulations and related laws. When you consider the competence of accountants, you should think about the following points. The competence of a CA is not only the knowledge in the broad sense that being found listed in the relevant regulations and standards, but also the practical skills that are required in the actual work. Therefore, for the competent accountant, knowledge, technical, preparation of the financial statements, understanding the nature of the work, and providing information and advice are indispensable to him. When you are working with accountants, you should understand that there are accountants who focus on specific accounts, the client class (large and the small) and the accounting business. The specific subject, the independent accounting organization and business, working conditions, employment conditions, and so on are the very real conditions.

Accountant's competence refers to the basic specialty and the ability of the preparation financial statements, especially, understanding and preparing the general ledger and the journal as the core of the financial statements, and being capable that understanding and creating the financial statements and related documents such as the balance sheet, and the general ledger. Therefore, the regulatory, practice in the accounting in the regulation is one general reference point that you must grasp. And you must grasp general ledger, understanding preparation of financial statements.

Accountant's competence includes a quantity and a quality. Accountant's specialty skill refers to a specific action in the accounting. For example, the specialty is listed and he affects the business entering records into the general ledger. Therefore, you should think in the general account difference with the management in the form of preparation of the regulatory document and the entry into the ledger together. When you consider your ability in terms of entry into the ledger and understanding the general ledger, you should understand that there are some who understand how the following specialty and ledger.

Competency
