Members' contributions allow the funds generally run the fund. All proposed changes to the fund's operations, including amendments to the general budget, will be given notice to the fund at the next meeting, and must specify the adjustments and reasons for the changes. Funds may not be placed in the general budget. However, the adjustment must be for income or expenditure. It is not possible to increase the fund's total assets and then give them to the general budget. Funds must be given to the general budget, and then the general budget must be approved by the members.

Multi-level management structures is generally only implemented whenever a system must be able to operate under conditions that require the capability to focus on the specific sub-problems currently involved in the general design. Structuring and partitioning of the general design sub-problem allows the management of the level of generality of the suggested solution, and the timing and rate of change. Under the proposed new system, the focus of design is on identifying and solving about 100 general sub-problems that occur in time. The organization uses the following structure and system:

...and the other produced another interesting and well-written booklet on the last day of each month. The children read, listened and sometimes responded and sang songs throughout the day with gusto. Each morning was opened with singing. The day following, following some questions like, "What are people made of, how do they live, how do they grow, how do they die?" and "How do they grow?" the children were given a chance to express their thoughts on the
