Architecture and Architects in Socialist Poland Błażej Ciarkowski, 2025-09-30 The book presents the history of Polish architecture and architects in the years 1944-1989 focusing on selected issues including both the development of architecture itself and the conditions of practicing architecture in the socialist country The history of architecture and architects in socialist Poland is described not only from the perspective of an architectural historian and researcher but also from the perspective of active participants in the events described The text is based on historical sources and literature as well as on numerous interviews with architects and urban planners who played an

important role in post war reconstruction implementation of the socialist realist doctrine creation of the most significant buildings and monuments and development of the local version of socialist modernism or post modernism It gives the floor back to those whose voice was hardly heard after the collapse of the socialist system in 1989 The book should become an interesting source of information for those interested in the material culture of former socialist countries Although it focuses on socialist Poland it can be used as material for comparative studies of mutual relations between East and West in post war Europe as well as for analysis of the situation of architecture and architects in socialist countries **The Content Pool** Alan

J. Porter, 2012-02-15 All companies no matter what industry they are in or what product or service they create do four basic things Offer something for sale sell it collect money for it and create content about what they do Product development Marketing Sales and Finance are all essential to the organization and are typically managed at the VP or CXO level yet a company's content which contains all of its intellectual property is often overlooked The Content Pool Leveraging Your Company's Largest Hidden Asset makes the case for placing content creation management and distribution on a par with other core strategic business activities Inside the Book Identifying Your Content Organizing Your Content Managing Your Content Leveraging Your Content The Case for a Chief Content Officer Bibliography and Index **Government Reports**

Annual Index, 1992 Seismic Behaviour and Design of Irregular and Complex Civil Structures III Dietlinde Köber, Mario De Stefano, Zbigniew Zembaty, 2020-03-06 This book presents state of the art knowledge on problems of the effects of structural irregularities on their seismic response It also covers specific spatial and rotational seismic loads on these structures Rapid progress in respective research on irregular structures and unconventional seismic loads requires prompt updates of the state of the art in this area These problems are of particular interest to both researchers and practitioners because these are non conservative effects compared with the approach of the traditional seismic design e g Eurocode 8 Uniform Building Code etc This book will be of particular interest to researchers PhD students and engineers dealing with design of structures under seismic excitations **Government Reports Announcements & Index**, 1992-07
