The Roman Gladius and the Ancient Fighting

Techniques Fabrizio Casprini,Marco Saliola,2023-01-06 The backbone of the Roman army was the infantry armed with a javelin or pilum and sword or gladius This study investigates not just the weapon itself and its design and manufacture but how the sword was originally conceived and how it was employed on the battlefield as an expression of the Roman state The authors start examining the early swords employed across the Italian Peninsula during the Bronze Age and how these evolved into the gladius which itself changed in the period of Monarchy with the introduction of the cross hilt During Rome s Consular period the gladius changed again and over time both the length of the blade and its width were altered Relying exclusively on historical and archaeological evidence *The Roman Gladius and the Ancient Fighting Techniques* shows how the Roman army developed into a highly disciplined body and how fundamental the gladius was to its method of fighting It also shows how the combat techniques of the Romans evolved as did those of their enemies The training methods and tactics of the Roman infantry are fully explored and its performance at some of the great battles of the monarchical and consular periods are examined as the area under Roman rule fluctuated with victory or defeat For the Roman people the gladius was the object that better than any other showed their identity since it was a weapon that accompanied the history of the Roman people from its earliest days changing in shape and design as it was adapted to the varying social political and military needs *The Roman Gladius and the Ancient Fighting Techniques* is the most comprehensive study of this hugely important weapon which also provides the reader with a complete overview of Roman society which in this first volume is treated until the end of the Consular period The book is richly illustrated throughout with drawings and photographs of original weapons and equipment **The Life and Epistles of St. Paul** Thomas Lewin,1875

The Book of the Sword Sir Richard Francis

Burton,1884 *The Book of the Sword* Richard Francis Burton,2014-01-07 The history of the sword the author writes in his introduction is the history of humanity For centuries the sword has been a symbol of power strength liberty and courage In

the Middle Ages the image of a sword was used to signify the word of God Nearly every culture in history has forged blades from stone or steel to fight in times of battle and protect in times of peace In this groundbreaking work Richard Francis Burton explorer translator scholar and swordsman draws on a wealth of linguistic archaeological and literary sources to trace the millennia old history of the sword From its earliest days as a charred sharpened stick to the height of craftsmanship in the modern era the sword has been the weapon of choice for warriors of all stripes In eloquent captivating prose Burton describes Dirks Daggers Knives Sabers Cutlasses The origin of the weapon The weapons of the age of wood The Copper Age of weapons The Iron Age of weapons The sword in ancient Egypt The sword in ancient Greece And more Nearly three hundred line drawings enhance Burton s richly detailed text Any reader of history or student of weaponry will find this book a fascinating highly enjoyable read

The Shield and the Sword: Life and Warfare in the Roman Army Pasquale De Marco, 2025-07-24 The Roman army was one of the most successful and enduring military forces in history For centuries it defended the frontiers of the Roman Empire and its legions were feared by enemies near and far This book explores the organization equipment weapons and armor of the Roman army from Hadrian to Constantine one of the most exciting periods in Roman history It also examines the life of a Roman soldier from recruitment and training to battle and retirement The Roman army was a complex and sophisticated organization It was divided into legions each of which was made up of about 5 000 men The legions were further divided into centuries each of which was commanded by a centurion The centurions were responsible for training and disciplining the soldiers and they led them into battle The Roman army was also well equipped The soldiers were armed with a variety of weapons including swords spears and bows and arrows They also wore helmets body armor and sandals The army also had a number of machines such as siege towers and catapults which were used to attack enemy fortifications The Roman army was also well trained The soldiers were put through a rigorous training program that taught them how to fight in formation and how to use their weapons They were also taught how to march long distances and how to survive in harsh conditions The Roman army was also well disciplined The soldiers were subject to a strict code of conduct and they were punished severely for any infractions The discipline of the army helped to maintain its effectiveness and its morale The Shield and the Sword is a comprehensive and authoritative guide to the Roman army It is essential reading for anyone interested in Roman history military history or the history of warfare If you like this book write a review
