### Introduction

#### Important:

This document is intended for use by authorized service centers only.

"Service Schematic" was created with focus on customer care.  
The purpose of this document is to provide further technical repair information for Nokia mobile phones on level 1/4 service activities.  
It contains additional information such as e.g. "Component finder",  
"Frequency band table" or "Antenna switch table".  
The "Signal overview" page gives a good and fast overview about the most important signals and voltages on board.  
Saving precious time and improving the repair quality is the aim of this document.  
It is to be used additionally to the service manual and other training or service information such as Service Bulletins.

#### All measurements were made using following equipment:
