Dark Green Religion Bron Taylor, 2009-11-03 In this innovative and deeply felt work Bron Taylor examines the evolution of green religions in North America and beyond spiritual practices that hold nature as sacred and have in many cases replaced traditional religions Tracing a wide range of groups radical environmental activists lifestyle focused bioregionalists surfers new agers involved in ecopsychology and groups that hold scientific narratives as sacred Taylor addresses a central theoretical question How can environmentally oriented spiritually motivated individuals and movements be understood as religious when many of them reject religious and supernatural worldviews The dark of the title further expands this idea by emphasizing the depth of believers passion and also suggesting a potential shadow side besides uplifting and inspiring such religion might mislead deceive or in some cases precipitate violence This book provides a fascinating global tour of the green religious phenomenon enabling readers to evaluate its worldwide emergence and to assess its role in a critically important religious revolution

A2 Religious Studies Sarah Tyler, Gordon Reid, 2004-05-17 Student workbooks are designed to help build students understanding of topic areas in AS and A2 religious studies as they progress through the course They can compliment class work and provide homework tasks and revision exercises There are workbooks at AS and A2 on ethics and on philosophy of religion Each workbook covers the key topics most often studied at this level The topics can be covered sequentially or selectively to fit into existing schemes of work Each topic is introduced by notes on key aspects followed by a series of

exercises which tests students knowledge understanding and evaluation of the topic The exercises are not examination questions but are designed to help students develop the skills they need to exhibit in the examination Space is provided in the workbooks for students responses Answers to the questions are provided in an accompanying set of Teachers Notes Where the answers are evaluative and can therefore draw on a range of legitimate responses the notes provide suggestions for style and approach Student Workbooks are printed in full colour throughout and are available in class sets of 10 priced at 40 per set Each set of workbooks includes one FREE copy of Teachers Notes

Grounding Religion Whitney Bauman, Richard Bohannon, Kevin J. O'Brien, 2010-10-04 How do religion and the natural world interact with one another Grounding Religion introduces students to the growing field of religion and ecology exploring a series of questions about how the religious world influences and is influenced by ecological systems Grounding Religion examines the central concepts of religion and ecology using analysis dialogical exchanges by established scholars in the field and case studies The first textbook to encourage critical thinking about the relationships between the environment and religious beliefs and practices it also provides an expansive overview of the academic field of religion and ecology as it has emerged in the past forty years The contributors introduce students to new ways of thinking about environmental degradation and the responses of religious people Each chapter brings a new perspective on key concepts such as sustainability animals gender economics environmental justice globalization and place Discussion questions and contemporary case studies focusing on topics such as Muslim farmers in the US and Appalachian environmental struggles help students apply the perspective to current events other media and their own interests

Inherited Land Whitney A. Bauman, Richard R. Bohannon, Kevin J. O'Brien, 2011-08-04 Religion and ecology has arrived What was once a niche interest for a few academics concerned with environmental issues and a few environmentalists interested in religion has become an established academic field with classic texts graduate programs regular meetings at academic conferences and growing interest from other academics and the mass media Theologians ethicists sociologists and other scholars are engaged in a broad dialogue about the ways religious studies can help understand and address environmental problems including the sorts of methodological terminological and substantive debates that characterize any academic discourse This book recognizes the field that has taken shape reflects on the ways it is changing and anticipates its development in the future The essays offer analyses and reflections from emerging scholars of religion and ecology each addressing her or his own specialty in light of two questions 1 What have we inherited from the work that has come before us and 2 What inquiries concerns and conversation partners should be central to the next generation of scholarship The aim of this volume is not to lay out a single and clear path forward for the field Rather the authors critically reflect on the field from within outline some of the major issues we face in the academy and offer perspectives that will nurture continued dialogue
