- 1 A tennis club has 560 members.

(a) The ratio men : women : children = 5 : 6 : 3. \rightarrow total = 14

(i) Show that the club has 240 women members.

Answer(a)(i)

$$w = \frac{6}{14} \times 560 = 240$$

[2]

(ii) How many members are children?

$$c = \frac{1}{2} w$$

Answer(a)(ii) 120

[1]

(b) $\frac{5}{8}$ of the 240 women members play in a tournament.

How many women members do not play in the tournament?

$$\frac{3}{8} \times 240 = 90$$

Answer(b) 90

[2]

(c) The annual membership fee in 2013 is \$198 for each adult and \$75 for each child.

(i) Calculate the total amount the 560 members pay in 2013.

$$120 \times 75 + 440 \times 198$$

Answer(c)(i) \$ 96120

[2]

(ii) The adult fee of \$198 in 2013 is 5.6% more than the fee in 2012.

Calculate the adult fee in 2012.

$$x \cdot (100\% + 5.6\%) = 198$$

$$x = \frac{198}{1.056}$$

Answer(c)(ii) \$ 187.5

Children of the Dream Rucker C. Johnson,2019-04-16 An acclaimed economist reveals that school integration efforts in the 1970s and 1980s were overwhelmingly successful and argues that we must renew our commitment to integration for the sake of all Americans We are frequently told that school integration was a social experiment doomed from the start But as Rucker C Johnson demonstrates in *Children of the Dream* it was in fact a spectacular achievement Drawing on longitudinal studies going back to the 1960s he shows that students who attended integrated and well funded schools were more successful in life than those who did not and this held true for children of all races Yet as a society we

have given up on integration Since the high point of integration in 1988 we have regressed and segregation again prevails Contending that integrated well funded schools are the primary engine of social mobility Children of the Dream offers a radical new take on social policy It is essential reading in our divided times **OCR Sociology for A Level Book 1** Sue Brisbane,Katherine Roberts,Paul Taylor,Steve Chapman,Jannine Jacobs-Roth,Nayda Ali,2015-10-30 Exam Board OCR Level A level Subject Sociology First Teaching September 2015 First Exam June 2016 Build students confidence to tackle the key themes of the 2015 OCR A Level Sociology specification with this clear and accessible approach delivered by a team of leading subject authors Develop knowledge and understanding of key Year 1 concepts in a contemporary context including globalisation and the digital social world Strengthen essential sociological skills with engaging activities at every stage of the course Reinforce learning and prepare for exams with practice and extension questions and exercises **2012-2013 College Admissions Data Sourcebook Midwest Edition** , OCR Sociology for A Level Book 2 Sue Brisbane,Katherine Roberts,Paul Taylor,Laura Pountney,2016-08-01 Exam Board OCR Level A level Subject Sociology First Teaching September 2015 First Exam June 2017 Build students confidence to tackle the key themes of the 2015 OCR A Level Sociology specification with this clear and accessible approach delivered by a team of leading subject authors Develop knowledge and understanding of key Year 2 concepts in a contemporary context including globalisation and the digital social world Strengthen essential sociological skills with engaging activities at every stage of the course Reinforce learning and prepare for exams with practice and extension questions and exercises **OCR Psychology** Philip Banyard,Cara Flanagan,2013-09-05 OCR Psychology Third Edition is endorsed by OCR for use with the OCR AS Psychology specification This book prepares students for all elements of the OCR Psychology AS exam It covers both research methods and core studies giving the who what where and even the why of each study It also looks at some of the work that followed the studies Key features of the book include Psychological Investigations the first chapter of the book helps students to understand research methods in psychology useful support for the Psychological Investigations exam and for understanding the core studies themselves Core Studies each study is described first In a Nutshell followed by a detailed account of the aims method results and conclusions Guidance is given on how each study can be evaluated and a wealth of extra materials is provided for each study questions to assess understanding practical activities multiple choice and exam style questions further reading and video links Background to each core study is included in the Starters and Afters features information about related research before and after the study and biographical details of the researcher s Approaches perspectives issues and methods are considered in a brand new chapter to cover the themes of the course and prepare students for the long answer questions on the Core Studies exam Exam guidance each chapter ends with short and long answer exam style questions answered by students with teacher feedback The book is presented in colourful and well structured magazine style spreads to aid the learning process This 3rd edition has been completely revised and is now accompanied by a companion website featuring an
