create acceptance of his work and to spread an image of himself as a radical outsider Courbet introduced the independent show by displaying his art in popular venues outside the Salon and he courted new audiences including women And for a time Courbet succeeded achieving a rare freedom for a nineteenth century French artist If his strategy eventually backfired and he was forced into exile his pioneering vision of the artist s career in the modern world nevertheless makes him an intriguing forerunner to all later media savvy artists The Routledge Companion to Medieval English Literature Raluca Radulescu,Sif Rikhardsdottir,2022-12-30 The Routledge Companion to Medieval English Literature offers a new inclusive and comprehensive context to the study of medieval literature written in the English language from the Norman Conquest to the end of the Middle Ages Utilising a Trans European context this volume includes essays from leading academics in the field across linguistic and geographic divides Extending beyond the traditional scholarly discussions of insularity in relation to Middle English literature and isolationism this volume Oversees a variety of genres and topics including cultural identity insular borders linguistic interactions literary gateways Middle English texts and traditions and modern interpretations such as race gender studies ecocriticism and postcolonialism Draws on the combined extensive experience of teaching and research in medieval English and comparative literature within and outside of anglophone higher education and looks to the future of this fast paced area of literary culture Contains an indispensable section on theoretical approaches to the study of literary texts This Companion provides the reader with practical insights into the methods and approaches that can be applied to medieval literature and serves as an important reference work for upper level students and researchers working on English literature Ask Not Maureen Callahan,2024-07-02 From New York Times bestseller Maureen Callahan a harrowing incendiary expos of the real Kennedy Curse the family s generations long legacy of misogyny murder and mayhem Karen Abbott The must read book of the summer Megyn Kelly The Kennedy name has long been synonymous with wealth power glamor and above all else integrity But this carefully constructed veneer hides a dark truth the pattern of Kennedy men physically and psychologically abusing women and girls leaving a trail of ruin and death in each generation s wake Through decades of scandal after scandal from sexual assaults to reputational slander suicides to manslaughter the family and their defenders have kept the Kennedy brand intact Now in Ask Not bestselling author and journalist Maureen Callahan reveals the Kennedys hidden history of violence and exploitation laying bare their unrepentant sexism and rampant depravity while also restoring these women and girls to their rightful place at the center of the dynasty s story from Jacqueline Onassis and Marilyn Monroe to Carolyn Bessette Martha Moxley Mary Jo Kopechne Rosemary Kennedy and many others whose names aren t nearly as well known but should be Drawing on years of explosive reportage and written in electric prose Ask Not is a long overdue reckoning with this fabled family and a consequential part of American history that is still very much with us At long last Callahan redirects the spotlight to the women in the Kennedys orbit paying homage to those who freed themselves and giving voice to those who through no fault of their own could not One of Town Country s Must Read Books of
