Shashank Shekhar Mishra, 2021-02-25

All through our academics, we are supposed to perform some research-based projects. Most of us carry our projects in higher education and/or become a research scholar. But in general, our innovations do not receive vital visibility. So we came up with the idea of creating a platform that helps researchers in attaining visibility on their innovative ideas. The sole aim of the Innovators Era is to encourage young minds by rewarding them for their brainstorming ideas. We want our readers to acknowledge the obscured innovations taking place around us. *Futuristic Sustainable Energy & Technology*
