The Annals of Pharmacotherapy **Healing in a Changing America** George Rust, 2025-11-11 A physician's candid guide to self-discovery and organizational effectiveness in the pursuit of health equity. In *Healing in a Changing America*, Dr. George Rust offers advice on improving health equity, especially targeted to the people who need to hear it most: white men, many of whom are in leadership positions throughout health care systems and medical education. He shares lessons learned pursuing health equity in diverse settings on his personal journey as a white male physician from training in a large urban public hospital and practicing in a rural farmworker clinic to teaching and leading in a historically Black medical school. This candid book confronts uncomfortable truths about the nuances of privilege, systemic inequities, and the role that leaders must play in creating inclusive, equitable health systems. How can we ensure diversity and build trust and strength within a health care organization? How do we know when our voice will be helpful and when it will drown out others? Through deeply personal and memorable stories, Rust addresses these questions and more. As an experienced educator, physician, and advocate, he helps individuals who are willing to confront their own biases and embrace the challenges of fostering diversity and equity in health care. From building trust and empowering underrepresented voices to promoting structural changes in medical education and practice, Rust shares the mistakes and successes of his own experience to equip readers with practical tools to effect meaningful change. *Healing in a Changing America* offers profound insight into the transformative power of humility, listening, and learning. Whether navigating the complexities of organizational leadership or grappling with societal shifts, this essential work inspires readers to become true allies in the pursuit of justice and equity.

Caring for Joy: Narrative, Theology, and Practice Mary Clark Moschella, 2016-09-07 In *Caring for Joy: Narrative Theology and Practice*, Mary Clark Moschella offers a new account of the value of joy in caregiving vocations, demonstrating how the work of caring for persons, communities, and the world need not be a dreary endeavor overwhelmed by crises or undermined by despair. Moschella presents glimpses of joy in action in the narratives of five notable figures: Heidi Neumark, Henri Nouwen, Gregory Boyle, Pauli Murray, and Paul Farmer, gleaned for the construction of a theology of joy that embodies compassion, connection, justice, and freedom. Care must be deep enough to hold human suffering and spacious enough to take in the divine goodness, beauty, and love. This book expands the pastoral theological imagination and narrates joyful approaches to transformational care. This work is a scholarly, engaging, and compassionate call to reconsider the significance of joyful living and joyful lives in radical pastoral theology.
