Robert M Price Books:

Merely Christianity Robert M. Price, 2022-01-18 In this powerful volume Robert M Price engages in serious scrutiny of the beliefs and thinking of genuine Christian theologians and explains why he no longer finds that cardinal Christian claims make enough sense to believe As he concludes the gospel proclamation is not a timeless revelation from heaven but merely Christianity

Deconstructing Jesus Robert M. Price, 2009-09-25 After more than a century of New Testament scholarship it has become clear that the Jesus of the gospels is a fictive amalgam reflecting the hopes and beliefs of the early Christian community and revealing very little about the historical Jesus Over the millennia since the beginning of Christianity various congregations from fundamentalist to liberal have tended to produce a Jesus figurehead that functions as a symbolic cloak for their specific theological agendas Through extensive research and fresh textual insights Robert M Price paves the way for a new reconstruction of Christian origins Moving beyond the work of Burton L Mack and John Dominic Crossan on Jesus movements and Christ cults which shows how the various Jesus figures may have amalgamated into the patchwork savior of Christian faith Price takes an innovative approach He links the work of F C Baur Walter Bauer Helmut Koester and James M Robinson with that of early Christ myth theorists two camps of biblical analysis that have never communicated Arguing that perhaps Jesus never existed as a historical figure Price maintains an agnostic stance while putting many puzzles and scholarly debates in a new light He also incorporates neglected parallels from Islam the Baha i Faith and Buddhism Deconstructing Jesus provides a valuable bridge between New Testament scholarship and early freethinkers in a refreshing cross fertilization of perspectives

The Reason Driven Life Robert M. Price, 2009-09-25 As a rejoinder to the fundamentalist assumptions of Pastor Rick Warren s *The Purpose Driven Life* a biblical scholar offers a witty thoughtful and detailed critique

Atheism and Faith Robert M. Price, 2017-09-26 Theologian and writer Robert M Price is perhaps best known today for his scholarly arguments against the existence of a historical Jesus Yet he has been at various times in his career an agnostic an exponent of Liberal Protestant theology a nontheist a secular humanist a religious humanist a Unitarian Universalist wannabe an unaffiliated Universalist and a Fellow of the Jesus Seminar Any way you cut it he is not your typical atheist This collection of his best essays demonstrates his love for the various great religions which he views as endlessly fascinating expressions of the human spirit Beneath the keen insights and sharp critiques he offers whether the subject is theology secularism or biblical studies the essays themselves are also deeply personal and revealing Read together they document his self extrication from the born again Christianity in which he dwelt for some dozen years and his subsequent rise to celebrated freethought advocate whose work has challenged an entire field

The Pre-Nicene New Testament Robert M. Price, 2006 In this monumental work Professor Price offers an inclusive New Testament canon with twenty seven additional sacred books from the first three centuries of Christianity including a few of the Dead Sea Scrolls and Nag Hammadi writings Price also reconstructs the Gospel of Marcion and the lost Gospel according to the Hebrews Here

for the first time is a canon representing all major factions of the early church As an interpretive translation Price's text is both accurate and readable and is tied more closely to the Greek than most previous translations Price conveys the meanings of words in context carefully choosing the right phrase or idiom to convey their sense in English For words that had a specific theological import when first written Price leaves the Greek transliteration giving readers archons for the fallen angels thought to be ruling the world paraclete for encourager and pleroma for the Gnostic godhead Within the collection each book is introduced with comments about the cultural setting information about when a document was probably written and significant textual considerations which together form a running commentary that continues into the footnotes The findings of scholars documented and summarized by Price will come as a surprise to some readers It appears as Price suggests that most of what is known about Jesus came by way of revelation to Christian oracles rather than by word of mouth as historical memory In addition the major characters in the New Testament including Peter Stephen and Paul appear to be composites of several historical individuals each their stories comprising a mix of events legend and plot themes borrowed from the Old Testament and Greek literature In the New Testament world theology developed gradually along different trajectories with tension between the charismatic ascetics such as Marcion and Thecla as examples and the emerging Catholic orthodoxy of such clergy as Ignatius and Polycarp The tension is detectable in the texts themselves many of which represent heretical points of view Gnostic Jewish Christian Marcionite and proto orthodox and were later edited sometimes clumsily in an attempt to harmonize all into one consistent theology What may occur to many readers among the more striking aspects of the narratives is that the earliest most basic writings such as Mark's Gospel in inarticulate Greek are ultimately more impressive and inspirational than the later attempts by more educated Christians to appeal to sophisticated readers with better grammar and more allusions to classical mythology and apologetic embellishments The critical insights and theories on display in these pages have seldom been incorporated into mainstream conservative Bible translations and in many ways Price has made the New Testament a whole new book for readers allowing them by virtue of the translation to comprehend the meaning of the text where it is obscured by the traditional wording Whatever usefulness teachers students and clergy may find here in terms of pedagogical and inspirational value The Pre Nicene New Testament is guaranteed to provoke further thought and conversation among the general public hopefully toward the goal of more personal study and insights

The Mammoth Book of Best New Horror 11 Stephen Jones, 2012-03-01 As usual acclaimed horror anthologist Stephen Jones has chosen the finest short stories and novellas of supernatural and psychological fiction With the most comprehensive review of the year useful contact lists and a fascinating necrology as a bonus this is one book that every horror fan must have

Rhetoric and the Synoptic Problem Mike Duncan, 2022-05-16 Mike Duncan argues that the Farrer Hypothesis is the best working solution to the Synoptic Problem in New Testament studies by way of rhetorical theory as he sees the Synoptic Problem as less about source and textual criticism and more as a writing problem that concerns how and

why they were composed The book's six chapters feature case studies of different aspects of gospel rhetoric such as how the different post resurrection accounts interact with each other and how the apostles are portrayed from gospel to gospel These chapters form a collective argument that the synoptic gospels are competing rhetorical narratives about Jesus with the authors of Luke and Matthew reacting to previous gospels with the goal of superseding the previously composed versions of Jesus's life However Duncan acknowledges that the Farrer Hypothesis has special difficulties and cannot be pushed beyond an educated guess that the Synoptic Problem remains an unsolvable problem due to a lack of evidence and lost original context and that it is only a philosophical acceptance of the inaccessibility of a solution that paradoxically allows a frank and unsentimental view of the alternatives

Black Christology and the Quest for Authenticity John H. McClendon III, 2019-05-03 Black Christology and the Quest for Authenticity A Philosophical Appraisal constitutes a philosophical inquiry on Black Theology and its attendant Black Christology Explicitly the philosophical examination of Black Theology conceptually maps its quest for establishing Black Christology as an authentic form within Christian theology This text critically expounds on the methodologies and arguments which guide how Black Theology specifically affirms Black Christology as the definitive paradigm for authentic Christianity Significantly the racialized character of Black Theology immediately sets this discourse within the context of philosophy of race Clearly the philosophy of race in terms of its substance and scope is continually expanding Notably the philosophy of religion in its conceptual association with the African American experience considerably enriches the content of the philosophy of race Therefore Black Christology and the Quest for Authenticity A Philosophical Appraisal stands as a unique contribution to philosophy of race Summarily while this book tackles the formidable problem of Christian theological subject matter nonetheless the reader must be aware that this is not a work executed methodologically in any theological manner inclusive of Christian theology Subsequently while the object of our investigation substantively remains theological in character the method of investigation is guided by philosophical inquiry which is based on secular principles Furthermore although most mainstream works in philosophy of religion along with theology neglect to examine African American theologians and philosophers the subject matter of Black Christology substantially facilitates in filling this intellectual void

The Mammoth Book of Best New Horror 2003 Stephen Jones, 2012-03-01 The finest exponents of horror fiction writing today Neil Gaiman China Mieville Ramsey Campbell Kim Newman Graham Joyce Paul McCauley Stephen Gallagher Caitlin R Kiernan Basil Cooper Glen Hirshberg Jay Russell feature in the world's premier annual horror anthology series another bumper showcase devoted exclusively to excellence in macabre fiction To accompany the very best in short stories and novellas is the year's most comprehensive horror overview and contacts listing as well as a fascinating necrology

Incredible Shrinking Son of Man Robert M. Price, 2009-09-25 This book should be mandatory reading for all scholars concerned with Christian origins nothing of comparable importance has been written for at least a decade Freethinker For more than a century scholars have been examining the Gospels and

other traditions about the life of Jesus to determine their historical accuracy Although the results of these scholarly efforts are sometimes controversial the consensus among researchers today is that the four Evangelists accounts cannot be taken at face value In fact a team of more than 100 scholars called the Jesus Seminar has come to the conclusion that on average only about 18 percent of the four Gospels is historically accurate An active member of the Jesus Seminar Dr Robert M Price presents the fruits of this important historical research in this fascinating discussion of early Christianity As the title suggests Price is none too optimistic about the reliability of the Gospel tradition as a source of accurate historical information about the life of Jesus Indeed he feels that his colleagues in the Jesus Seminar are much too optimistic in their estimate of authentic material in the Gospels After an introduction to the historical critical method for nonspecialists and a critique of the methods used by the Jesus Seminar Price systematically discusses the narrative and teaching materials in the Gospel clearly presenting what is known and not known about all of the major episodes of Jesus life He also examines the parables for authenticity as well as Jesus teachings about the Kingdom of God repentance prayer possessions and poverty the Atonement and many other features of the Gospels Written for the general reading public in a lively and accessible style Dr Price s highly informative discussion will be of interest to anyone who has wondered about the origins of Christianity

The Necronomicon Files Daniel Harms, John Wisdom Gonce, 2003-07-01 Occult scholars explore how H P Lovecraft s fictional book of magic became a cultural phenomenon and real life legend in this revised and expanded volume What if a book existed that revealed the answers to all of life s mysteries For those who believe in it The Necronomicon is exactly that an eighth century occult text of immense power In fact The Necronomicon is a creation of science fiction writer H P Lovecraft who referred to the work in a number of stories and gave weight to its legend by inventing its own elaborate history In The Necronomicon Files two occult authorities explore all aspects of The Necronomicon from its first appearance in Lovecraft s fiction to its ongoing pervasive appearance in cult and occult circles The authors show how Lovecraft s literary circle added to the book s legend by referring to it in their own writing As people became convinced of the book s existence references to it in literature and film continue to grow This revised and expanded edition also examines the lengths people have undergone to find the Necronomicon and the cottage industry that has arisen in response to the continuing demand for a book that does not exist The Necronomicon Files illuminates the transformations of a modern myth exposing a literary hoax while celebrating the romance of Necronomicon lore

Walker,2014-05-08 This book is an intriguing study on two controversial topics baptism in the name of Jesus Christ and the oneness of God Baptism has been a theme of contention for many centuries yet the Biblical and historical records teach us the simplicity of this topic The second area of fiery debate revolves around the identity of God and the monotheistic cry of the Scripture Being both a research oriented and scholarly publication the reader will find themselves being challenged as they are confronted with the truth from the Bible and the witness of history while reclining at the metaphorical table of scholarly disputation This work is for the hungry heart the academic mind the inquisitive lovers of the Scripture and those with questions that need to be addressed As the reader is challenged to explore the evidence with the author the testimony of scholarship and most importantly the veracity of the Word they will find themselves in a position calling them to respond to such discoveries This study will trouble stagnant waters and compel the reader to consider the unequivocal God Jesus Christ **Lovecraft, a Study in the Fantastic** Maurice Lévy,1988 Broader than a thematic study however L vy s analysis is unique in his use of Lovecraft s work as a model for fantastic writing in general and in his provocative theory as to why Lovecraft wrote the sort of works he did Maurice L vy s book is a penetrating analysis of the themes running through the works of H P Lovecraft the writer of horror and supernatural fiction Broader than a thematic study however L vy s analysis is unique in his use of Lovecraft s work as a model for fantastic writing in general and in his provocative theory as to why Lovecraft wrote the sort of works he did At an early age Lovecraft sloughed off all religious belief and came to adopt a bleak and nihilistic philosophy where humans have no importance in the cosmos but to serve as the playthings of incomprehensible and uncaring forces L vy sees Lovecraft s works as an attempt to purge himself of these feelings and to give himself a reason to love in a universe that cares nothing for him or for other human beings in general It is this view of Lovecraft the writer the thinker and the man that sets L vy s work apart from any Lovecraft criticism **The Brian Lumley Companion** Stanley Wiater,2007-04-01 Edited by Brian Lumley and multiple Bram Stoker Award winner Stanley Wiater The Brian Lumley Companion is an indispensable guide to the life and works of Brian Lumley The Companion is illustrated with photographs from the author s private collection and full color reproductions of Hugo Award winning artist Bob Eggleton s eye catching cover art for Lumley s works Contributors to The Brian Lumley Companion include some of today s most noted experts on horror fiction including W Paul Ganley founder of Weirdbook Press and two time winner of the World Fantasy Award Stephen Jones coeditor of Horror 100 Best Books and winner of multiple World Fantasy British Fantasy and Bram Stoker Awards Robert M Price author of H P Lovecraft and the Cthulhu Mythos and one of the most respected analysts of Lovecraftian fiction Robert G Weinberg an acknowledged specialist in weird fiction and Stanley Wiater host of the TV series Dark Dreamers In The Brian Lumley Companion Lumley

Varieties of Jesus Mythicism John W. Loftus, 2022-06-29 To most people on the planet the existence of Jesus is a given Of course he did They take it for granted that he existed simply because it reaffirms their faith But to the rest of us who don't believe in a supernatural Jesus the question of the historicity of Jesus is not simple There are thousands of different ideas about to what extent the Jesus tales were based on a real man or men or woman Did Jesus even exist and if not what best explains the rise of such a character in the New Testament That is where John W Loftus and Robert M Price come in Each with decades of experience in the fields of theology and Christian history Loftus and Price have compiled essays from some of the top authorities on Jesus mythicism to establish the world's first academic catalogue of mythicist beliefs Experts who provided chapters include David Fitzgerald Joseph Atwill Michael Lockwood and more The question is no longer simply Did Jesus even exist In this compilation you'll find yourself questioning everything about the Christ story and how it truly began
