Roger Arnold Macroeconomics 11th Edition

Roger A. Arnold

Roger Arnold Macroeconomics 11th Edition:

Economics David A. Dieterle, 2017-03-27 A comprehensive four volume resource that explains more than 800 topics within the foundations of economics macroeconomics microeconomics and global economics all presented in an easy to read format As the global economy becomes increasingly complex interconnected and therefore relevant to each individual in every country it becomes more important to be economically literate to gain an understanding of how things work beyond the microcosm of the economic needs of a single individual or family unit This expansive reference set serves to establish basic economic literacy of students and researchers providing more than 800 objective and factually driven entries on all the major themes and topics in economics Written by leading scholars and practitioners the set provides readers with a framework for understanding economics as mentioned and debated in the public forum and media Each of the volumes includes coverage of important events throughout economic history biographies of the major economists who have shaped the world of economics and highlights of the legislative acts that have shaped the U S economy throughout history The extensive explanations of major economic concepts combined with selected key historical primary source documents and a glossary will endow readers with a fuller comprehension of our economic world

Government and the Economy David A. Dieterle, Kathleen M. Simmons, 2014-10-14 In this non biased politically neutral compendium the authors trace the evolution of the U S government s role in the economy including the history ideas key players and court rulings that influenced its involvement Today s economic environment is in constant flux as is the participation of governments in it Local state national and global governmental agencies have taken on new responsibilities with both positive and negative economic consequences This book looks at the changing role of American government in the economy from determining the measurements of economic health to being mindful of corporate sustainability to legislating business practices and consumer affairs This comprehensive collection of essays draws from the contributions of 25 economic scholars along with seasoned educators David A Dieterle and Kathleen C Simmons to examine economic systems and the factors that influence them The work includes summaries of important Supreme Court cases that have impacted America s economic infrastructure biographies of famous economists and descriptions of the seven key economic systems command socialism democratic socialism fascism market capitalism state capitalism transitional and welfare state

Teaching Principles of Microeconomics Mark Maier, Phil Ruder, 2023-01-06 Abundant with practical advice and ready to use teaching examples this dynamic guide will help both new and experienced instructors of Principles of Microeconomics to reconsider and refine their courses Mark Maier and Phil Ruder assemble the wisdom of 25 eminent scholars of economic education on how best to introduce students to the discipline and inspire a long lasting passion for microeconomics
