experience on what has worked and what hasn't in building Net Zero homes along with expert advice from some of the industry's leading builders, building scientists and energy consultants. Much has been written about the technical details of building high performance homes, but this book goes further and deals with the why and the how, discussing topics such as holistic design, embodied carbon, the Four Principles of Modern Design, the 100 year home and climate resiliency. Written in plain language and infused with humor and storytelling, this book is a must read for builders, renovators, architects, municipal officials, industry stakeholders and home buyers, anyone interested in the future of home building. It will help builders and their teams get to Net Zero in less time with far less cost and pain.

Neuraxial Therapeutics

Tony Yaksh, Salim Hayek, 2024-01-02. This book is a comprehensive reference of the neuraxial route for the delivery of therapeutics. It reviews the historical evolution of this approach from its inception in the late 1800s to present day. This amply referenced text covers basic discussions of spinal anatomy, embryogenesis, neuraxial vascularity, cerebrospinal fluid flow dynamics and parenchymal molecule movement. The pharmacokinetic and pharmacodynamic properties of different intrathecal agents are explored in detail with particular reference to clinical correlates in pain and spasticity. Particular attention is paid to the issues relevant to preclinical models of intrathecal delivery and the assessment of spinal pathologies arising from acute and chronic intrathecal drug delivery. Chapters provide essential discussions of clinical aspects of patient care, including patient evaluation and screening, trialing and device management, troubleshooting problems and addressing complications, best practices, cost effectiveness and future of the therapy. Clinicians and researchers who practice intrathecal therapy and study neuraxial mechanisms will find Neuraxial Therapeutics to be an invaluable guide to this treatment modality.
