information overload and wasn t presented sequentially The books were either focused on just a few processes or assumed
that I already had the necessary information Many of the books were also very dated There are two ways of learning learning
from SMEs Subject Matter Experts with years of experience and the other is to acquire from people who are just a few steps
ahead of you in their journey I fall into the latter group I ve spent five years on this hobby and am still learning from the
experts I still remember my initial doubts and the first tips that helped me This book is for those who are still running their
