When To Use This Resource Guide and Timeline Program

A timeline is a useful tool for helping our children visually understand the passage of time. How long ago was the Civil War? How about the fall of Ancient Rome? It can be hard for a child to understand what a long time ago actually means because to a small child "a long time ago" was their last birthday. For our older children, a timeline may act as a visual tool for retention and comprehension. It also demonstrates how historical events are connected to each other. Generally speaking, 4th grade and up would be okay to try introducing this program, but even as we work on the first touches, both my high schooler and my middle schooler are using the timeline, the resources, and books recommended within it. 

How To Use This Resource Guide and Timeline Program

We recommend that you print the timeline cards in the format you wish to use, but keep the Resource Guide as a PDF on your phone, tablet, or computer and save ink. Review the links yourself and take your time reading, listening, and watching. These resources are some of the best and most up-to-date research on these topics. There are YouTube videos, podcasts, websites, and articles from both scholarly and general publication. But these recommendations are NOT targeted for your children, at least not all of them. They are for HCU Homeschool Parent.

This Resource Guide is for You.

So you can learn the history we were not taught in school in a way that is convenient for your busy lifestyle. Feel free to listen to a podcast while cooking dinner or watch a youtube video while folding laundry. There is no one perfect book that covers all the history and there certainly is no homeschool program that covers the hemisphere as thoroughly (or even as accurately) as it deserves.

After you, the parent, have explored some of these resources, feel free to use this timeline program with any ancient, medieval, or early-modern US History curriculum. You will find these are relevant dates for all these areas of history and your family will gain some perspective of what was happening over here.

If Studying History Geographically...

Then this timeline includes South America until 1492, Mesoamerica until 1492, and briefly touches on the Caribbean before 1492. Because Mesoamerica includes some of Mexico and Central America, you might consider covering those dates in your study of North America and the Caribbean and add it to whatever books and/or curricula you're using for those topics. Then introducing the South American dates when you are studying that continent.

If Studying History Chronologically...

Then this timeline begins at 14,940 years ago and ends at 1492. Many timeline and history programs begin at 6000 BCE - not the one. The history in this hemisphere is long and we try to address theories about how people arrived here and point to sources that offer the latest in research and theories.

Order the recommended reference books or request them from your library. Finally, be sure to look through every page of the Resource Guide. Trust us . And feel free to tweet and tell us of it for your family's needs.
