New Directions and Trends in Parenting Research Nicolette Vanessa Roman, Yosi Yaffe, Dorit Alt, 2024-08-28 For many decades parenting has been at the center of interest for practitioners and researchers interested in child social and psychological development The body of research on children s socialization has primarily focused on traditional parenting styles and their related practices in the spirit of Baumrind s and others conceptualization of parental control and power assertion e g authoritative authoritarian and permissive This research has revealed many domains of children s and adolescents adjustment and wellbeing that are affected by and affecting parenting quality but intriguing new parental approaches and types have recently emerged in research literature such as digital parenting transcendent parenting parental alienation overparenting helicopter parenting tiger parenting and several others about which more is yet to be learned Likewise in recent years our understanding of the role played by factors such as culture ethnicity environmental and familial background in the relationship between parenting styles and children s psychological wellbeing and mental health has greatly improved However the question of whether or not there is a global uniform optimal parenting remains controversial as more studies are required to better understand the varying impacts of parenting on the child s well being within different demographic and familial contexts This is especially true for families with special needs children i e children and adolescents with developmental and psychological disabilities where research on parenting styles in particular is understudied Additionally in the present digital era there is growing interest in relatively new behavioral outcomes in children and adolescents such as sedentary behaviors including eating and nutrition habits online behaviors and digital activity vs physical activity These and other important contemporary aspects in children s functioning and behaviors contribute to developmental mental health and further establishing our knowledge regarding the parental role in these contexts is essential Assessing Culturally Informed Parenting in Social Work Davis Kiima, 2021-03-07 This book explores how social workers incorporate issues of culture when evaluating the parenting competence of Black Asian and Minority Ethnic BAME parents and highlights the gap in how social workers assess safe parenting in BAME families Drawing on a study that combined a phenomenological research philosophy with frame analysis the book explores how culturally informed parenting is construed by social workers and BAME parents It argues that effective assessment of the parenting competence of BAME parents is predicated on understanding how culture frames perspectives of what constitutes competent parenting Throughout the eight chapters the book moves the debate within the literature away from the universality of parenting concepts to a focus on a deeper understanding of culture It highlights the influence that culture has on the way that BAME parents socialise their children as well as how parents and social workers conceptualise safe parenting The result is useful insights into the cultural context of parenting The book will be of interest to all scholars and students of social work childhood studies sociology and social policy as well as social work professionals more broadly *Handbook of Parenting* Marc H. Bornstein, 2019-02-01 This highly

anticipated third edition of the Handbook of Parenting brings together an array of field leading experts who have worked in different ways toward understanding the many diverse aspects of parenting Contributors to the Handbook look to the most recent research and thinking to shed light on topics every parent professional and policymaker wonders about Parenting is a perennially hot topic After all everyone who has ever lived has been parented and the vast majority of people become parents themselves No wonder bookstores house shelves of how to parenting books and magazine racks in pharmacies and airports overflow with periodicals that feature parenting advice However almost none of these is evidence based The Handbook of Parenting is Period Each chapter has been written to be read and absorbed in a single sitting and includes historical considerations of the topic a discussion of central issues and theory a review of classical and modern research and forecasts of future directions of theory and research Together the five volumes in the Handbook cover Children and Parenting the Biology and Ecology of Parenting Being and Becoming a Parent Social Conditions and Applied Parenting and the Practice of Parenting Volume 3 Being and Becoming a Parent considers a large cast of characters responsible for parenting each with her or his own customs and agenda and examines what the psychological characteristics and social interests of those individuals reveal about what parenting is Chapters in Part I on The Parent show just how rich and multifaceted is the constellation of children s caregivers Considered first are family systems and then successively mothers and fathers coparenting and gatekeeping between parents adolescent parenting grandparenting and single parenthood divorced and remarried parenting lesbian and gay parents and finally sibling caregivers and nonparental caregiving Parenting also draws on transient and enduring physical personality and intellectual characteristics of the individual The chapters in Part II on Becoming and Being a Parent consider the intergenerational transmission of parenting parenting and contemporary reproductive technologies the transition to parenthood and stages of parental development and then chapters turn to parents well being emotions self efficacy cognitions and attributions as well as socialization personality in parenting and psychoanalytic theory These features of parents serve many functions they generate and shape parental practices mediate the effectiveness of parenting and help to organize parenting

Studies in the Assessment of Parenting Peter Reder, Sylvia Duncan, Claire Lucey, 2004-06-02 Offers a review of the latest literature but moreover a practical guide essential to professionals who give their expert opinions to courts in child care cases

Child-Parent Research Reimagined, 2020-05-06 Child Parent Research Reimagined challenges the field to explore the meaning making experiences and the methodological and ethical challenges that come to the fore when researchers engage in research with their child grandchild or other relative As scholars in and beyond the field of education grapple with ways that youth make meaning with digital and nondigital resources and practices this edited volume offers insights into nuanced learning that is highly contextualized and textured while also re initiating important methodological and epistemological conversations about research that seeks to flatten traditional hierarchies honor youth voices and co investigate facets of youth meaning making Contributors are in
