Parenting Stress Index Richard R. Abidin, 2012 *Assessment of Childhood Disorders, Fourth Edition* Eric J. Mash, Russell A. Barkley, 2012-08-22 This book has been replaced by *Assessment of Disorders in Childhood and Adolescence* Fifth Edition ISBN 978 1 4625 4363 2 **SIPA, Stress Index for Parents of Adolescents** Peter L. Sheras, Timothy R. Konold, Richard R. Abidin, 1998 Parenting Stress Kirby Deater-Deckard, 2008-10-01 All parents experience stress as they attempt to meet the challenges of caring for their children This comprehensive book examines the causes and consequences of parenting distress drawing on a wide array of findings in current empirical research Kirby Deater Deckard explores normal and pathological parenting stress the influences of parents on their children as well as children on their parents and the effects of biological and environmental factors Beginning with an overview of theories of stress and coping Deater Deckard goes on to describe how parenting stress is linked with problems in adult and child health emotional problems developmental disorders illness parental behaviors warmth harsh discipline and factors outside the family marital quality work roles cultural influences The book concludes with a useful review of coping strategies and interventions that have been demonstrated to alleviate parenting stress *Handbook of Fathers and Child Development* Hiram E. Fitzgerald, Kai von Klitzing, Natasha J. Cabrera, Júlia Scarano de Mendonça, Thomas Skjøthaug, 2020-10-01 This handbook provides a comprehensive review of the impact of fathers on child development from prenatal years to age five It examines the effects of the father child relationship on the child s neurobiological development hormonal emotional and behavioral regulatory systems and on the systemic embodiment of experiences into the child s mental models of self others and self other relationships The volume reflects two perspectives guiding research with fathers Identifying positive and negative factors that influence early childhood development specifying child outcomes and emphasizing cultural diversity in father involvement and examining multifaceted specific approaches to guide father research Key topics addressed include Direct assessment of father parenting rather than through maternal reports The effects of father presence in contrast to father absence The full diversity of father involvement Father s impact on gender role differentiation Father s role in triadic interactions of family dynamics Father involvement in psychotherapeutic family interventions This handbook draws from converging perspectives about the role of fathers in very early child development summarizes what is known and within each chapter draws attention to the critical questions that need to be answered in coming decades The *Handbook of Fathers and Child Development* is a must have resource for researchers graduate students and clinicians therapists and other professionals in infancy and early child development social work public health developmental and clinical child psychology pediatrics family studies neuroscience juvenile justice child and adolescent psychiatry school and educational psychology anthropology sociology and all interrelated disciplines **Forensic Uses of Clinical Assessment Instruments** Robert P. Archer, Elizabeth M. A. Wheeler, 2013-04-26 This book provides in a single volume an extensive research based evaluation of

the most popular clinical assessment tools as applied in forensic settings These widely used instruments often require important modifications in their administration and interpretation when used for forensic purposes and it is vital that the clinician is intimately familiar with their correct application as well as their limitations The test instruments included are analyzed by senior figures in the field of psychological assessment who are uniquely qualified to discuss them because they have either had a crucial role in the development of the tests or they have dedicated their careers to advancing our understanding of these clinical assessment measures Each chapter begins with a summary of the development of the assessment instrument in its more traditional applications in clinical settings and then considers its utilization in forensic settings The types of forensic issues which have been addressed with that instrument are reviewed and an illustrative case example is given which reflects the types of uses and limitations of the assessment technique when applied in a forensic context New in this edition are a chapter on the MMPI 2 RF and separate chapters for the adult and youth versions of the Hare Psychopathy Checklist Psychologists using assessment instruments in applied forensic settings will find this to be a valuable and practical source of information as will attorneys wishing to gain an understanding of the application of these psychological assessment approaches in the courtroom

Handbook of Interventions that Work with Children and Adolescents Paula M. Barrett, Thomas H. Ollendick, 2004-01-09 Handbook of Interventions that Work with Children and Adolescents considers evidence based practice to assess the developmental issues aetiology epidemiology assessment treatment and prevention of child and adolescent psychopathology World leading contributors provide overviews of empirically validated intervention and prevention initiatives Arranged in three parts Part I lays theoretical foundations of treatments that work with children and adolescents Part II presents the evidence base for the treatment of a host of behaviour problems whilst Part III contains exciting prevention programs that attempt to intervene with several child and adolescent problems before they become disorders This Handbook presents encouraging evidence that we can intervene successfully at the psychosocial level with children and adolescents who already have major psychiatric disorders and as importantly that we can even prevent some of these disorders from occurring in the first place
