

A young girl with braided hair is in the foreground, hugging a large, grey, shaggy teddy bear. She has a sad expression with her eyes closed and a frown. In the blurred background, a man and a woman are standing and talking, suggesting a family environment. The scene is set in a bright, modern living room with a beige sofa and a potted plant.

Parents And Children Issues Faced By Single Parents:

Parents and Children Adam Gary, 2014-12-26 While raising a child it is essential you give care and love and at the same time give him all the social security that he so deserves Read the book on what problems the children of single parents are facing and how there are several ways to overcome it In Defense of Single-Parent Families Nancy E. Dowd, 1999-05 Single parent families succeed Within these families children thrive develop and grow just as they do in a variety of family structures Tragically they must do so in the face of powerful legal and social stigma that works to undermine them As Nancy E Dowd argues in this bold and original book the justifications for stigmatizing single parent families are founded largely on myths myths used to rationalize harshly punitive social policies Children in increasing numbers bear the brunt of those policies In this generation more than two thirds of all children will spend some time in a single parent family before reaching age 18 The damage done in the name of justified stigma therefore harms a great many children Dowd details the primary justifications for stigmatizing single parent families marshalling an impressive array of resources about single parents that portray a very different picture of these families She describes them in all their forms with particular attention to the differential treatment given never married and divorced single parents and to the impact of gender race and class Emphasizing that all families face significant conflicts between work and family responsibilities Dowd argues many two parent families in fact function as single parent caregiving households The success or failure of families she contends has little to do with form Many of the problems faced by single parent families mirror problems faced by all families Illustrating the harmful impact of current laws concerning divorce welfare and employment Dowd makes a powerful case for centering policy around the welfare and equality of all children A thought provoking examination of the stereotypes realities and possibilities of single parent families In Defense of Single Parent Families asks us to consider the true purpose or goal of a family Single Parents Karen L. Kinnear, 1999-03-24 Single Parents offers an overview of this growing phenomenon the problems faced by single parent families and their impact on society Topics include men and women as single parents single mother families and poverty the legal system and single parents gay and lesbian parents moral issues and the effects of growing up in a single parent family The experiences of single parents in other countries are also discussed This volume lists numerous resources among them federal government programs state statutes concerning child custody and adoption private and public organizations a guide to literature films and videos and information on the Internet **Handbook of Oncology Social Work** Grace Hyslop Christ, Carolyn Messner, Lynn C. Behar, 2015 This inaugural Handbook of Oncology Social Work Psychosocial Care for People with Cancer provides for the first time a repository of the breadth and scope art and science of oncology social workers practice education research policy and program leadership in the psychosocial care of people with cancer and their families *The Effect of Single Parenting on Students' Academic Performance in Secondary Schools in Arusha City, Tanzania* Joyce G. Malima, Philip Eric Akech, 2017-07-20 Master s Thesis from the year 2016 in the subject

Pedagogy General grade B 3 course Masters of Art in Educational Management language English abstract The study aimed to assess the effects of single parenting on students academic performance in secondary schools in Arusha city council The purpose was fulfilled through four specific objectives to identify the causes of single parenting to identify the challenges faced by single parents on students academic performance to propose the solutions to overcome the challenges faced by single parents on students academic performance to determine the effects of single parenting on students academic performance in secondary schools in Arusha city and to determine the relationship between single parenting factors and students academic performance The study followed survey design whereby quantitative technique was applied The data were collected through questionnaires using a random sample of 612 respondents It was found that single parenting is caused by divorce death separation and not married Also the study revealed that challenges faced by single parents on supporting students academic performance in secondary schools were inability to buy school requirements lack of enough time to check students exercise books inability to supply money for lunch to their children poor communication and lack of time to give homework to children Also study laid down that single parenting challenges can be solved through providing the basic necessities to students as well as encouraging their children to study hard It was also realized that single parenting leads to economic hardships among students lack of support from parents lack of school resources life stress and instability and anxiety and depression The study concluded that single parenting is caused by divorce death separation and not married Also the study confirms that single parenting hinders students academic performance in secondary schools The study recommended that single parents should buy all school requirements for their children and spend time for academic issues related to their children The study also recommends that head teachers should pay more attention to single parenting students and provide counseling to them to encourage them Also the government should identify the needs of single parenting students and act accordingly

Mutual Aid Groups, Vulnerable and Resilient Populations, and the Life Cycle Alex Gitterman, Lawrence Schulman, 2005-02-23 The contributors to this volume examine the role of mutual aid groups and social workers in helping members of oppressed vulnerable and resilient populations regain control over their lives The chapters reveal the ways in which mutual aid processes help individuals overcome social and emotional trauma in contemporary society by reducing isolation universalizing individual problems and mitigating stigma Using the life cycle as a framework the editors establish a theoretical model for practice and demonstrate how social workers as group leaders can foster the healing and empowering process of mutual aid The contributors also consider the fundamentals of the mutual aid process the institutional benefits of group service and specific clinical examples of mutual aid groups Each chapter offers detailed case materials that illustrate both group work skills and developmental issues for a variety of populations and settings including HIV positive and AIDS patients the homeless and perpetrators and victims of sexual abuse and family violence New chapters in this completely revised and updated third edition illustrate the power of mutual aid processes in
