BIG BLUE BOOK OF BICYCLE REPAIR

A Do-It-Yourself Bicycle Repair Guide From Park Tool

How do I straighten a wheel? What if my chain breaks on the trail? How does a threadless headset work? Why does my bike make a funny sound when I pedal? How do I install and adjust a new derailleur? These questions and hundreds more are answered in the second Big Blue Book of Bicycle Repair. The BBB-2 was written by world-renowned mechanical guru Calvin Jones and presented by Park Tool Company, the world's largest manufacturer of bicycle specialty tools. The BBB-2 includes updated information on bicycles, components, equipment, and repair techniques. New chapters tackle disc brakes, internal shifting hubs, and suspension. Each job is carefully and numerically explained to make sense to the novice mechanic and the experienced wrench. Each repair or maintenance project is broken-down into easy-to-follow steps, and the book features hundreds of color photographs giving you the knowledge and examples to do the job right.

After more than 35 years in the bicycle industry, Calvin's favorite place to be is still in the workshop with a bike in the stand. Olympic and professional team mechanic, teacher, author, and industry consultant, Calvin's thorough knowledge comes from a love of mechanics and bicycles as well as professional experience. Calvin's hands-on approach, thorough explanations, and attention to detail help make the BBB-2 the perfect repair and maintenance guide for beginners and seasoned pros.
