Intimate Partner Violence Prevention and Intervention Anna C. Baldry, Frans Willem Winkel, 2008 This book focuses on the importance of assessing risk in domestic violence cases to prevent and reduce its escalation into homicide so called uxoricide Spousal killers in a substantial number of cases exhibit a history of prior spousal violence in addition to this witnessing violence has debilitating effects on children For this reason domestic violence is also becoming a hot political issue on the European agenda Integrating the US and Canadian experiences with the European ones increases the book's value and broadens perspectives Assessing the risk and adopting appropriate measures can help reduce the risk of escalation of violence It aims at gathering contributions from experts in the field of domestic violence and victimisation to present state of the art research in the risk assessment of domestic violence cases Career Development as a Partner in Nation Building Australia Wendy Patton, 2019-07-15 Despite examples of vocational guidance practice being evident in Australia since the mid 1800s there remains a spasmodic and patchwork approach to practice across the country For decades it is a field which has been paradoxically boosted and challenged by changing economic and political agendas Repeated international national and State reviews emphasise the vital nature of a systemic national approach to career development however authors repeatedly lament the lack of a sustained focus on career activity as a major national priority There is no broad comprehensive historical reckoning of the history of career development theory and practice in Australia since this early period Career development theory and practice in Australia has been forged in partnership with developments in an international context In documenting the shared history with other countries the author significantly adds to the body of knowledge on career development as a field in Australia and internationally The book provides new understandings about the historical development of this field of knowledge and in particular the challenging and cyclical nature of its policy history
