*Writing Instruction and Intervention for Struggling Writers* Michael Dunn, 2019-11-18 Writing is a challenging task for many children. To address this issue, many educational researchers advocate for schools to implement a multi-tiered system of support (MTSS) model where struggling writers can be detected as early as kindergarten and provided with intervention programming to improve their skills and hopefully not need long-term placement in special education. Traditionally, schools have employed the wait-to-fail model where children were offered the opportunity to learn to read, write, and do math in the first few years of elementary school. If they still struggled at the end of third grade, age eight, then they would be assessed for special education. The problem with this was not only a delayed assessment timeline but also the standardized tests not having an adequate set of questions to assess early elementary grade skills as well as the ethical problems and racial/ethnic biases of test questions. MTSS provides educators with a renewed emphasis on early intervention and progress monitoring assessment once or twice a week to monitor each student's skills and make instructional changes to promote success. This book offers a description and case examples of how schools and teachers can apply MTSS concepts for writing. *Writing Instruction Across the Disciplines*, **Master Writing Big Book Gr. 5-8** Brenda Rollins, 2009-09-01 Help your students master the art of writing with our Writing Skills 3 book BUNDLE. Start off with a beginner's look at writing a paragraph. Use paragraph prompts to help get the juices flowing before moving on to the drafting phase. Make Book Reports fun again with the help of engaging graphic organizers. Follow our checklist to a great oral book report and no longer fear public speaking. Then explore the different kinds of essays and how to master them. Tell the story with descriptive and narrative essays or give your point of view with persuasive essays. Practice what you've learned while successfully revising, proofing, and editing your work. Each concept is paired with hands-on graphic organizers and comprehension activities. Aligned to your State Standards and written to Bloom's Taxonomy, reproducible writing tasks, crossword, word search, comprehension quiz, and answer key are also included. [Writing Lesson Level 3--Just Stating the Facts](#) Richard Gentry, Ph.D., Jan McNeel, M.A.Ed., 2014-02-01 Incorporate writing instruction in your classroom as an essential element of literacy development while implementing best practices.
