ABSTRACT

Background: Medical education has called for a shift from acquisition of biomedical knowledge to the development of professional skills.

Objectives: The study aims to assess the effectiveness of using different Teaching - Learning Methods and Media in the improvement in each of the Cognitive, Psychomotor and Affective Skills among medical students.

Material and Methods: A study was conducted among 6th semester Medical students in Department of Community Medicine, Katuri Medical College and Hospital, Guntur. It was before and after comparison non-randomized study. Test was conducted after teaching by the traditional methods and other teaching using blend of Different Teaching - Learning Methods and Media - a combination of lecture with BMDQ videos, photograph, exercise, role play and group discussions of an accompanying Microsoft PowerPoint slideshow. Marks obtained were recorded, and analysis of data was done.

Results: The study was conducted in Katuri Medical College and Hospital, Guntur. 6th semester Community Medicine clinical batch was taken for study. There were 32 students in the batch out of which 24 were present. 18(56%) were males and 15 (44%) were females. The students were almost similar in their age with two of them from different cultural background. The results of this study showed that there was a statistically significant improvement in each of the cognitive, affective and psychomotor domain of the students using blend of Participatory Teaching - Learning Methods and Media than the routine method of teaching. ($P < 0.001$).

Conclusion: The results of this study showed that there was a statistically significant improvement in each of the cognitive, affective and psychomotor domain of the students using blend of Different Teaching - Learning Methods and Media. An effective teacher has to combine various methods to achieve the educational objectives in optimum way.

KEYWORDS : Teaching - learning methods, Teaching - learning media, Cognitive Skills, Psychomotor Skills and Affective Skills

INTRODUCTION:

The outcome of professional education should be appropriate to the development of skills and not mere acquisition of knowledge. Medical education has called for a shift from acquisition of biomedical knowledge to the development of professional skills. The current curriculum emphasis is on "what the student must be able to do" than "what the student must know".

A skill could be defined as a refined pattern of movement or performance based upon and integrated with the perceived demands of a situation. A professional skill is not fixed and inflexible action but is an adaptive and flexible action tailored to the demands of a situation. In simple terms, a skill is the ability to act appropriately in response to a situation. A Skill could be classified into three main Domains: (1) Intellectual or Cognitive Skills (2) Psychomotor or Practical Skills (3) Affective or Communication Skills.

The Education process consists of setting educational objectives, providing teaching - learning experiences and evaluating the attainment of educational objectives. A variety of teaching - learning experiences are used to achieve educational objectives of different Domains and this necessitates use of different teaching - learning methods and media. A teaching - learning method is a planned way of providing a teaching - learning experience. Teaching - learning media (T-L media) are the means of communicating educational information. T-L media usually form components of teaching - learning methods.

Hence the study aims to assess the effectiveness of using different Teaching - Learning Methods and Media in the improvement in each of the Cognitive, Psychomotor and Affective Skills among medical students.

Material and Methods:

The study was conducted in Department of Community Medicine, Katuri Medical College and Hospital, Guntur. 6th semester Community Medicine clinical batch was taken for study. It was before and

after marks assigned for a short case clinical examination was 25. The students were asked to take a brief history, and do a relevant clinical examination on the patient. All these activities were observed by the examiner. The total marks were subdivided into various skill wise distribution: cognitive domain 10 marks psychomotor domain 10 marks and affective domain 5 marks, respectively. Now the same batch is taught using blend of Different Teaching - Learning Methods and Media - a combination of lecture with BMDQ videos, photograph, exercise, role play and group discussions of an accompanying Microsoft PowerPoint slideshow". Now again the batch was tested for various skills in the same format. Marks obtained were recorded, and analysis of data was done.

Data was entered in Microsoft Excel and analysed using Epi info Software. Appropriate tests of significance were used whenever necessary.

Results:

The study was conducted in Katuri Medical College and Hospital, Guntur. 6th semester Community Medicine clinical batch was taken for study. There were 32 students in the batch out of which 24 were present. 18(56%) were males and 15 (44%) were females. The students were almost similar in their age with two of them from different cultural background. The results of this study showed that there was a statistically significant improvement in each of the cognitive, affective and psychomotor domain of the students using blend of Participatory Teaching - Learning Methods and Media than the routine method of teaching. ($P < 0.001$).

Cognitive skill Score of batch with traditional method ranged from 3-4 for 10 marks with Mean \pm SD is 4.00 \pm 2(0.44). Standard error of Mean was 0.36. Cognitive skill Score of batch using blend of Participatory Teaching - Learning Methods and Media ranged from 4-6 for 10 marks with Mean \pm SD is 5.25 \pm 2(1.12). Standard error of Mean was 0.18. The improvement in Cognitive Skill is statistically significant ($P < 0.001$).

Physician Assistant Research Paper Introduction

In today's digital age, the availability of Physician Assistant Research Paper books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Physician Assistant Research Paper books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Physician Assistant Research Paper books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Physician Assistant Research Paper versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Physician Assistant Research Paper books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Physician Assistant Research Paper books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Physician Assistant Research Paper books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and

contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Physician Assistant Research Paper books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Physician Assistant Research Paper books and manuals for download and embark on your journey of knowledge?
