Murder in Parisian Streets Thomas Cragin, 2006. In *Murder in Parisian Streets*, Thomas Cragin provides an in-depth study of the production, sale, and content of the canards. He demonstrates their significance to nineteenth-century culture, even their role in determining the emerging tabloid's success. Cragin explores the incremental creation of textual meaning in the canards' authorship, production, distribution, and consumption. He exposes the power of oral traditions as well as modern marketing at work upon this popular news literature. The canards challenge our assumptions about the nineteenth-century's revolution in print and reorient our understanding of cultural creation through textual construction. Jacket. *31 Murders* Alvin A.J. Esau, 2024-02-20. Many decades before Ted Bundy roamed the country, there was serial killer Earle Nelson. During the 1920s, this geographically mobile killer went from city to city. His modus operandi involved getting into a house by pretending to be a person looking for a room to rent or inspecting a house that was for sale and then strangling the landlady, often followed by having sex with the dead body. Robbery was frequently a secondary motive. After Nelson was captured in Canada in 1927, it was commonly reported that he had killed 21 women and a baby during the 1926-27 period. But were these the only cases linked to him? The author examines an additional nine unsolved murders of landladies, two of which have never been dealt with in previous literature. Based on decades of archival research, the author examines all 31 murders, relying on primary sources when available and a wide variety of secondary sources. For each murder, the book provides biographical sketches of the victim, outlines the police investigation, and the various suspects, and covers any subsequent attempts to link Nelson to the crime by identification, evidence of witnesses, or by fingerprints. *Report on the crime of thuggee by means of poisons in British territory ... 1864-66* Charles Robert W. Hervey, 1868. **Submerged: How a Cold Case Condemned an Innocent Man to Hide a Family's Darkest Secret** Hillel Levin, 2024-11-19. This bombshell investigation from the co-author of *Black Bird* reveals a cold case gone wrong that cleared a murderer and imprisoned an innocent man. In March 1993, sixteen-year-old Rayna Rison was abducted outside the La Porte, Indiana, veterinary hospital where she worked. A month later, her body was found submerged under tree limbs in a rural pond. Police targeted her brother-in-law, Ray McCarty, as the prime suspect. Although a grand jury indicted him for the murder in 1998, prosecutors later dropped the charges. Then, in 2013, county officers arrested Jason Tibbs, Rayna's middle school boyfriend, convicted him, and sentenced him to forty years in prison. After a two-year investigation drawing on dozens of interviews and more than a thousand pages of police files, author

Hillel Levin completes the case against McCarty following clues and leads that detectives overlooked In the process he reveals startling new information about the killer s murder weapon and accomplices and uncovers the politics and misconduct that enabled the prosecutor to convict Jason Tibbs Although cold cases are celebrated in popular culture Jason s trial shows the perils they can pose for innocent defendants At the heart of Submerged is the tragic story of Rayna Rison an exceptional young woman with a promising future whose family and justice system failed to keep her from harm Ironically the person now held accountable for her murder is the friend she most saw as her protector **The Triangle Murders** Jack Z.
