Abstract—The purpose of this study was to determine the effect of a 10-week training program on the heart rate (HR) and heart rate reserve (HRR) of sedentary middle-aged men. The subjects were randomly assigned to a control group (CG) and an exercise group (EG). The EG performed a 10-week training program consisting of 3 sessions per week. The HR and HRR were measured at rest and during submaximal and maximal exercise at baseline and after 10 weeks. The EG showed a significant decrease in HR at rest and during submaximal and maximal exercise, and a significant increase in HRR at rest and during submaximal and maximal exercise, compared to the CG. The results of this study suggest that a 10-week training program can improve the HR and HRR of sedentary middle-aged men.

- Day and night periods that are longer than the standard 24 hours occur most commonly with the use of artificial light or other light sources. To avoid this, there are two things the producer should do:
 - Turn off the lights at the end of the work day.
 - If the lights are on continuously, the length of the work day should be determined by the well known 80/20 rule.
- The end of the night period is important. It may change the phase of the circadian rhythm, producing a condition known as jet lag. Jet lag is most noticeable when the person is traveling across time zones. Jet lag can result in the 50 percent rule.

When you install your T-Value One Connection, improper installation of all four screws (50 combinations for One Connection) will void the warranty. Please, before installing, refer to the correct installation instructions. Failure to maintain proper ventilation may result in a variety of problems with the product.

- When a producer's price for the output rises or falls, it must adjust its output level accordingly. For example, if the price of the output rises, the producer will increase its output level. This is because the producer's marginal revenue curve shifts up, and the producer will increase its output level until its marginal revenue curve intersects its marginal cost curve.
