Davis,2024-09-03 One of The New Yorker s Best Books of the Year A Washington Post Notable Book of the Year A Kirkus Reviews Best Book of the Year From an esteemed scholar a richly textured authoritative history of sex and sexuality in America the first major account in three decades Our era is one of sexual upheaval Roe v Wade was overturned in the summer of 2022 school systems across the country are banning books with LGBTQ themes and the notion of a tradwife is gaining adherents on the right while polyamory wins converts on the left It may seem as though debates over sex are more intense than ever but as acclaimed historian Rebecca L Davis demonstrates in *Fierce Desires* we should not be too surprised because Americans have been arguing over which kinds of sex are acceptable and which are not since before the founding itself From the public floggings of fornicators in early New England to passionate same sex love affairs in the 1800s and the crackdown on abortion providers in the 1870s and from the movements for sexual liberation to the recent restrictions on access to gender affirming care Davis presents a sweeping engrossing illuminating four hundred year account of this nation s sexual past Drawing on a wealth of sources including legal records erotica and eighteenth century romance novels she recasts important episodes Anthony Comstock s crusade against smut among them and at the same time unearths stories of little remembered pioneers and iconoclasts such as an indentured servant in colonial Virginia named Thomas Thomasine Hall Gay Liberation Front cofounder Kiyoshi Kuromiya and postwar female pleasure activist Betty Dodson At the heart of the book is Davis s argument that the concept of sexual identity is relatively novel first appearing in the nineteenth century Over the centuries Americans have shifted from understanding sexual behaviors as reflections of personal preferences or values such as those rooted in faith or culture to defining sexuality as an essential part of what makes a person who they are And at every step legislators police activists and bureaucrats attempted to regulate new sexual behaviors transforming government in the process The most comprehensive account of America s sexual past since John D Emilio and Estelle Freedman s 1988 classic *Intimate Matters* Davis s magisterial work seeks to help us understand the turmoil of the present It demonstrates how fiercely we have always valued our desires and how far we are willing to go to defend them **SALVAGED! A Documented Account of My Spiritual Rescue and Conversion** Barry Moore,2021-01-10 The subtitle pretty much sums up what the

book is about it s a documented account of my conversion to the Christian faith specifically to The Church of Jesus Christ of Latter day Saints To help establish the credibility of my story I went back into my files and pulled out copies of letters and other media that I felt would convince any jury reader that the old prodigal in me was no imposter Similarly I compiled a set of contrasting proofs to make the case that the new creature in me was neither a fake nor a fluke These two antipodal bodies of evidence are separated by a transformative religious experience Admittedly this is an unorthodox approach for telling a conversion story but when reduced to its simplest terms perhaps no more so than a pair of before and after photographs in a home renovation ad
