The Parent's Guide to Talking About Sex Janet Rosenzweig, 2015-04-21 If your kids aren't learning about sex from you, what are they learning about sex and who is teaching them? Having the talk with your child does not have to be a terrifying and awkward event. Armed with Dr. Janet Rosenzweig's groundbreaking book, you may find you never need to have the talk. Dr. Rosenzweig illustrates how you can help protect your children from sexual abuse, trauma, and bullying through your everyday interactions with them. She walks you through the steps you can take to combine your own family's values with age-appropriate information for children at all stages of development. And you'll learn how to do so in a way that will improve the trust and communication between you and your child. Dr. Rosenzweig applies her decades of experience in child abuse prevention, sexuality education, and family services to help you identify the real threats to your children's safety and to protect them from becoming victims of sexual misinformation or exploitation. From choosing a child's first daycare to meeting the multimedia challenges of adolescence, *The Parent's Guide to Talking About Sex* will coach you to raise sexually safe and healthy sons and daughters. **The Modern Parent's Guide to Kids and Video Games** Scott Steinberg, 2012-02-01

Hollywood Lost Its Mind? Chris Hicks, 2013-05-01 The wire-thin line that separates movies rated PG and R has been crossed over so many times in both directions that industry observers are questioning whether the rating system carries any validity at all. As a movie reviewer for more than thirty years and as a watchful caretaker parent, author Chris Hicks learned pretty quickly that Hollywood movers and shakers like to push the envelope as they put it, and it doesn't seem to matter whether it's a children's film or an adult movie. It's not just R-rated movies that are troubling; PG-13s and even PGs can also be problematic. And sometimes worse than problematic. Simply put, relying on the Motion Picture Association of America to make choices for you or your children is a mistake. Breaking down the history of the film rating system and exploring today's ratings confusion and quagmire, Hicks provides valuable information to help parents know how to interpret and what to expect from today's movies. *The Parent's Guide to Birdnesting* Ann Gold Buscho, 2020-09-01 Take coparenting to the next level and provide a stable environment for your children as you and your spouse begin tackling your separation or divorce.

For parents who are separating and want to put their children first birdnesting could be the interim custody solution you've been looking for. Instead of the children splitting their time being shuttled between mom and dad's separate homes, birdnesting allows the children to stay in the nest and instead requires mom and dad to swap, allowing each parent to stay elsewhere when not with the children. Initially popularized by celebrities, this method of coparenting is now becoming more mainstream as a way to help ease children into a new family dynamic. Birdnesting takes work and commitment, but with Dr. Ann Gold Buscho's guidance, you'll learn everything you need to know about this revolutionary method. In *The Parent's Guide to Birdnesting*, you will discover the pros and cons, the financial and interpersonal considerations, and if it's the right decision for you and your family. *The Parent's Guide to U.S. Navy* Thomas J. Cutler, 2017-02-15. Military ways can be enigmatic, resulting in an alien world where acronyms often replace words, and where 1330 is a time of day. Add to that the Navy is not only military, it is nautical, which adds centuries of sea-going terminology and practices to the confusion. While the young men and women who sign on to become sailors in the United States Navy receive extensive indoctrination and training, their parents do not. As their sons and daughters are becoming uniformed, the parents remain uninformed. This book is both a translation manual and a cultural guide to their son's or daughter's chosen new world. Alongside chapters covering uniforms, ranks, ships, and aircraft are explanations and guidance as to what to expect when their child first joins the Navy, the many benefits their sailor will enjoy, and what families should bring and do when visiting their sailors in their new and somewhat alien world. Designed to be an easy read as well as a useful reference work, *The Parent's Guide to the U.S. Navy* is essential reading for those parents whose children have chosen to go down to the sea in ships. **The Everything Parent's Guide to Raising a Successful Child** Denise D. Witmer, 2011-12-15. As parents struggle with these questions on a daily basis, *The Everything Parent's Guide to Raising a Successful Child* helps put their fears to rest, providing them with professional, reassuring advice on how to raise a successful child according to their own standards. *The Everything Parent's Guide to Raising a Successful Child* walks parents through all emotional, intellectual, and physical aspects of development. It's the first step in establishing realistic expectations, setting boundaries, and helping shape the mind of a responsible, well-rounded, happy young adult. Retrospective, a Parent's Guide to Youth Culture, 2001. The Everything Parent's Guide to the Defiant Child Jesse Jayne Rutherford, Kathleen Nickerson, 2010-03-18. Dealing with defiant children can be frustrating, time-consuming, and emotionally exhausting for parents and kids alike. But with this practical, reassuring handbook, you no longer have to feel helpless. You'll learn how to defuse the negativity, hostility, antagonism, and explosive anger that can ruin your child's relationships with family, friends, teachers, and other authority figures. This book helps you to choose which battles to fight. Follow through. Be consistent. Communicate clear expectations and consequences without yelling. Give your child some power over his life. Reinforce positive changes. Most important, you'll learn why defiance happens and how to react when it does. You will adopt the parenting and anger management skills you need to make a real difference in your child's life. You'll
