Paris Museums Travel Guide:

Kids' Travel Guide - Paris Museums Shira Halperin, 2014-06-25 If you are interested in this book you are probably planning a family trip to Paris. Whether you are a museum lover or not, you may be wondering whether to include museum visits in this trip or wait until the kids are older. If you have decided to include museums in your trip or if you are still debating this is the book for you. Paris is known for its famous museums and they are a must see even for those who don't habitually visit museums. With the right support, children can get a lot out of visiting these museums too. However, the reality is that it can be a struggle to convince your kids to go to museums with you. And when kids do go, their impatience can keep parents from enjoying the visit. Often children are unfamiliar with and don't understand what they are seeing, causing everyone's frustration to grow. That's where the Kids Travel Guide Paris Museums comes in. It will introduce your children to the world of museums and art. Leonardo, their very own guide, will give them interesting facts and fun tasks and quizzes related to four main art museums and the children's science museum. Kids will learn the basics of painting and different art styles as well as how to play the museum game. The Kids Travel Guide Paris Museums is designed to encourage your children to experiment, be active, and of course, internalize information and experiences during the trip and afterward. Maybe you, the parents, will learn something too. Additionally, the book includes Summary pages with questions that encourage kids to write their impressions of the museums, a Most Beautiful Piece of Art competition, and more. You may also be interested in the Kids Travel Guide France and the Kids Travel Guide Paris. And a special edition is available that contains both the France and Paris guides plus this Paris Museum guide all in one. The Kids Travel Guide France focuses on basic background information about France, its geography, flags, and symbols, and interesting history. It also helps kids get to know the French culture, including customs, language, and even food. Don't worry, Leonardo delivers all this information in a very interesting and colorful way through special graphic design, activities, fun facts, and tasks. The Kids Travel Guide Paris focuses on top attractions for kids in the City of Lights. Leonardo introduces the kids to each site, engages them with fun facts, gives them tips, and quizzes, and challenges them with tasks and activities. Get the most out of your family travel.
