[Cursed Ice](#) Ann Gimpel, 2019-05-14 Another Dragon Fantasy for everyone who fell in love with the Dragon Lore Series and my other dragon saturated books By his own admission Johan's always been one stubborn bastard He's wedded to his freedom and the thought of bonding with a dragon has some pretty serious downsides If he doesn't sign on to become magical though he'll be left behind also not an acceptable outcome Distant relatives to dragons sea serpents are gaining strength shockingly fast Breeding farms spring up on distant outposts spitting out all manner of evil Banished eons ago by the dragon god the serpents are making a comeback As the dragons seek allies they uncover still more atrocities Katya dragon shifter and twin to the dragons prince thought she wanted

Johan as her mate but he has more rough edges than she counted on Besides the serpent problem supersedes everything She s used to dragons being in charge but when a serpent almost steals her will it s quite the wakeup call her magic isn t as potent as she always assumed Is the age of dragons drawing to a close If that s true what will come next

READER PRAISE FOR THE ICE DRAGON SERIES Two humans destined to die in the ice two last dragon shifters on earth throw in some sea serpents and you have yourself an intriguing read and a tail that makes your heart sing

Goodreads Review Another amazing book by Ann Gimpel The world building in this new series is well WOW The characters are terrific bigger than life and not from this world

Goodreads Review I love how descriptive this story is I think that really heightens my imagination to a point of not only becoming a part of the story but actually seeing it like watching an action packed movie

Goodreads Review When the humans are challenged with a life or death dilemma this new world entices them but this fantasy isn t made for wimps
