La France et l'Afrique du Sud, 1990-01-01 En examinant les interactions anciennes ou récentes avec l'Afrique Australe, cet ouvrage entreprend de dégager leur portée afin de contribuer à la définition d'une véritable politique française dans cette zone.

L'Afrique du Sud Georges Lory, 1998-01-01 L'Afrique du Sud est un pays exceptionnel pour dix raisons au moins. Elle est riche d'habitants aux origines si diverses qu'elle pratique onze langues officielles. Elle souffre d'un passé de lutte et de sang marqué par un racisme codifié tristement comme le bre sous le nom d'apartheid. Toutefois, ses citoyens se sont engagés à partir de 1993 dans un processus de réconciliation unique au monde. Offrant un rare mélange de religiosité et de violence, c'est le seul pays avoir été dirigé un moment par deux prix Nobel de la paix. Cette société multiculturelle oscillant entre valeurs occidentales et africaines se présente aussi comme un précieux laboratoire. Ses souffrances et ses espoirs ont façonné des artistes et des écrivains de premier plan. L'Afrique du Sud sait protéger une faune et une flore extraordinairement variées. Ses réserves en multiples minerais sont surprenantes. La puissance économique de l'Afrique du Sud surpasse tous les autres pays du continent. Il y a enfin un esprit pionnier. Avec tous ces atouts, le pays de Nelson Mandela peut considérer l'avenir avec courage et détermination.

Parlons wolof : langue et culture Michel Malherbe, 1985-01-01 Si la culture française a été largement assimilée par les Sénégalais, les Français méconnaissant Dakar n'ont trop souvent que des notions bien sommaires de la culture du Sénégal, en particulier de celle des wolofs qui en constituent la principale ethnie. Pourtant, un vif intérêt pour la culture africaine se développe et c'est pour faire face à cette demande qu'a été écrit cet ouvrage.

Immigration africaine en Afrique du Sud Antoine Bouillon, 1999-01-01 Depuis l'abolition de l'apartheid et l'ouverture de sa transition démocratique, l'

Afrique du Sud attire nombre d'étrangers en particulier des milliers de migrants africains en provenance de l'ensemble du continent et entre autres de ses pays francophones. L'arrivée de ces ressortissants de l'autre Afrique et le gonflement des flux des migrants issus des pays de la région sources traditionnelles de l'immigration en Afrique du Sud suscitent des sentiments d'hostilité générale considérant ces migrants comme des intrus venant profiter indûment des fruits d'une libération si chèrement acquise assimilés dans leur ensemble des immigrants illégaux objets d'une répression policière appuyée sur une législation toujours largement héritière de l'apartheid. Les migrants d'Afrique australe centrale occidentale et orientale et encore d'Afrique du Nord sont en passe de jouer les boucs émissaires des frustrations engendrées par les limites de la transition. Cette première enquête aux prétentions encore largement exploratoires s'efforce de restituer le phénomène de cette immigration dans l'ensemble de ses dimensions en le situant dans son contexte historique social et politique englobant et de rendre compte de l'expérience de ces migrants. Cet aperçu suffit cependant à saisir la portée critique du phénomène de cette immigration africaine continentale la fois comme facteur du développement économique et de la réintégration de l'Afrique du Sud au reste du continent et comme enjeu de la construction d'une démocratie fondée rebours de l'apartheid sur les droits de l'homme. Ce livre est le fruit d'un premier programme de recherche sur cette immigration africaine continentale par opposition à l'immigration d'origine régionale et francophone coordonné dans le cadre de l'Institut français d'Afrique du Sud par Antoine Bouillon. Il rassemble des travaux menés par des chercheurs africains, sud-africains et français : Denis Kadima, Alan Morris, Abdou Malique Simone et Cécile Vigouroux.
