RECOMMENDED PRACTICE 1724

GENERAL CONDITIONS OF CARRIAGE (PASSENGER AND BAGGAGE)

PSC(MV79)1724

Article 1—Definitions

“AGREED STOPPING PLACES” means those places, except the place of departure and the place of destination, set forth in the ticket or shown in Carrier’s timetables as scheduled stopping places on the passenger’s route.

“AUTHORISED AGENT” means a passenger sales agent who has been appointed by Carrier to represent the Carrier in the sale of air passenger transportation over the services of the Carrier and, when authorised, over the services of other air carriers.

“BAGGAGE” means such articles, effects and other personal property of a passenger as are necessary or appropriate for wear, use, comfort or convenience in connection with the trip. Unless otherwise specified, it includes both checked and unchecked baggage of the passenger.

“BAGGAGE CHECK” means those portions of the ticket which relate to the carriage of the passenger’s checked baggage.

“BAGGAGE IDENTIFICATION TAG” means a document issued by Carrier solely for identification of checked baggage.

“CARRIER” includes the air carrier issuing the ticket and all air carriers that carry or undertake to carry the passenger and/or his baggage thereunder.

“CARRIER’S REGULATIONS” means rules, other than these Conditions, published by Carrier and in effect on date of ticket issue, governing carriage of passengers and/or baggage and shall include any applicable tariffs in force.

“CHECKED BAGGAGE” means baggage of which Carrier takes sole custody and for which Carrier has issued a baggage check.

“CONJUNCTION TICKET” means a ticket issued to a passenger in conjunction with another ticket which together constitute a single contract of carriage.

“CONVENTION” means whichever of the following instruments is applicable to the contract of carriage:

Passenger Services Conference Resolutions Manual International Air Transport Association, 2003 **Passenger Services Conference Resolutions Manual** , 2000 The Dictionary of Civil Aviation Utku Taşova, 2023-11-02

In the realm of civil aviation the sky is hardly the limit It s the starting line Each day countless professionals and enthusiasts alike engage with this dynamic sector propelling humanity literally into new horizons However as we soar into these vast expanses the necessity for a robust understanding and a shared language becomes not just beneficial but vital It s here that The Dictionary of Civil Aviation finds its wings offering a solid ground of knowledge amidst the boundless skies of aviation exploration With a reservoir of 4 681 meticulously curated entries this dictionary stands as a testament to the colossal body of knowledge that civil aviation encompasses It s an endeavor to foster a shared understanding to bridge the knowledge gaps that might exist between a seasoned aviator and an aviation student between air traffic controllers and airport managers or between aviation policymakers and enthusiasts The Dictionary of Civil Aviation is more than just a glossary it s a journey A journey through the technicalities that ensure safety in the skies the regulations that govern our airways the acronyms that punctuate aviation communication and the innovations that continue to drive this sector forward Each term encapsulated in this dictionary is a node in the vast network that is civil aviation offering readers a structured pathway through the complex yet exhilarating world of flight The objective is clear to foster a culture of continuous learning and shared understanding within the civil aviation community By doing so we not only enhance the safety and efficiency of civil aviation but also honor the spirit of exploration and innovation that has always been its hallmark As you flip through the pages of The Dictionary of Civil Aviation you are not just encountering definitions you are engaging with the living evolving entity that is civil aviation Each term is a window into a broader narrative a narrative that you as a reader and as a member of the civil aviation community contribute to We invite you to embark on this educational expedition to delve into the nuances of civil aviation and to emerge with a richer understanding and appreciation of the sector that makes global connectivity possible Through this dictionary may your curiosity take flight and may your understanding of civil aviation soar to new heights *International and EU Aviation Law* Elmar Maria Giemulla, Ludwig Weber, 2011-01-01 This book offers an extraordinary wealth of information from the ground up of the law governing and regulating air transport today with a strong emphasis on international aviation A team of distinguished authors in the field of aviation law provide a cogent synthesis from which sound legal opinions and strategies of legal action may be confidently built Among the many topics here in depth are the following definition and classification of airspace distinction between civil and state aircraft air navigation and air traffic control services airport charges and overflight charges structure of ICAO standard setting functions and audit functions of ICAO functions of the International Air Transport Association IATA policy and effects of deregulation and liberalization of air transport policy the International Registry for Aircraft Equipment air carrier liability regimes and claims procedure measures to combat aviation terrorism air

piracy and sabotage and the Open Skies Agreements This publication cites significant legislation and court rulings including from the United States and the European Union where far reaching measures on market access competition and passenger rights have set trends for other regions of the world The special case of Latin America has a chapter to itself At a time when commercial aircraft have been used as lethal weapons for the first time aviation law finds itself in the front line of responsibility for maintaining global aviation security *ECIW2008-Proceedings of the 7th European Conference on Information Warfare and Security* Dan Remenyi,2008 **Compendium of International Civil Aviation** Adrianus D. Groenewege,1996 *The Fund Agreement in the Courts, Vol. III* Mr.Joseph Gold,1986-12-01 Written by Joseph Gold former General Counsel and now Senior Consultant at the IMF these volumes contain discussions of the ever increasing body of cases in which the Articles have had a bearing on issues before the courts **The Montreal Convention** George Leloudas,Paul S. Dempsey,Laurent Chassot,2023-12-11 This unparalleled reference work on airline liability is written and edited by internationally revered experts and presents a comprehensive article by article analysis of the Montreal Convention 1999 MC99 International Humanitarian Assistance P Macalister-Smith,1985-03 **International Aviation Law** Attila Sipos,2024-09-02 This book opens the most adventurous and passionate Chapter in the history of Humankind Aviation Aviation in our modern world is one of the latest magnificent enterprises a kind of emblematic window through which we can cast a glance into the future Into the future since the aviation industry already applies technical organisational and administrative solutions which in other walks of life will be utilised only after years or decades The airplanes have become so swift and safe that flying has turned from a reckless adventure into public transport Next to cities airports have been built from where every minute airplanes take off and depart to all the four corners of the world The once so enormous and mysterious terrestrial globe has shrunk to appear to be a tiny ball all points of which can be reached in a couple of hours This book introduces in its entirety the regulatory regime of aviation as the safest form of transport in our age which integrates exceptional spiritual and practical achievements technical innovation as well as creates significant values Air transport is one of the most regulated industry The comprehension of its context requires the knowledge of the rules of international air law Air law is a qualitatively separated part of international law with peculiar structure which has evolved by drawing on the centuries old traditions of maritime law and has developed to be one of the youngest and the most up to date branch of jurisprudence Air law is an autonomous branch of law Its uniqueness derives from the extraordinarily rigorous requirements occasionally written by blood of aviation safety and aviation security The author guides the reader into this barely familiar secluded world of aviation via 31 illustrations and the presentation of 100 legal cases The volume relies on the several decades professional experience of the author Its objectives consist in the familiarisation of the public interested in aviation with this exceptionally intriguing area of international law in the support of the everyday work of experts in the area of aviation furthermore in the enhancement of the knowledge of theoretical and practical lawyers and broadening their horizons

In this book the two most important founding treaties of international air law are introduced the Chicago Convention on International Civil Aviation 1944 and the Montreal Convention on the Unification of Certain Rules for International Carriage by Air 1999 furthermore mention is made of all significant aviation law treaties The Chicago and the Montreal Conventions are timeless sources of law since their meritorious amendment barely ensued therefore the relations and the legal solutions elucidated in the book are going to serve the reader for decades
