The Dark Side of Leadership Dr Tessie Herbst, 2014-03-28 This book highlights the fact that leaders do indeed affect the performance of organizations or the well being of society for better or worse to cast either a shadow or light by the exercise of their leadership Modern psychology with its theories of human behavior which does not acknowledge the existence of the spiritual realm cannot explain the carnage and evil often associated with the dark side of leadership This book focuses on the dark side of leadership in a multidimensional manner and provides a psychospiritual approach toward understanding personality disorders and leader derailment It highlights an area that has not been widely studied by leadership researchers to date the dynamic relationship between the psychological and spiritual domains in shaping the dark side which lead to leadership failure and derailment This book calls for a more interdisciplinary approach and holistic understanding of the dark side of leadership inseparably relating body soul and spirit as they function individually and relationally It highlights the fact that the restoration of personality will require sustained dialogue between theologians and the medical and psychological professions Such a theoretical perspective would help us better understand how personality disorders develop not only emotionally and psychologically but spiritually

The Prisons Memory Archive: A Case Study in Filmed Memory of Conflict Jolene Mairs Dyer, Conor McCafferty, Cahal McLaughlin, 2022-09-06 The Prisons Memory Archive PMA explores ways that narratives of a conflicted past are filmed at the site of the experiences and later negotiated in a contested present in the North of Ireland Given the state's failed attempts at establishing an official process for addressing the legacy of the conflict that lasted between 1968 and 1998 there are a number of community and academic initiatives that have taken up this task The Prisons Memory Archive is one such project whose aim is to research the possibilities of engaging with the story of the other in a society that is emerging from decades of political violence The PMA filmed back inside the prisons with those who passed through Armagh Gaol 2006 and the Maze and Long Kesh Prison 2007 which were both touchstone and tinderbox during the 30 years of violent conflict We applied protocols of co-ownership where participants become co-authors of their own story with the right to withdraw up to the point of exhibition inclusivity to ensure a multi-narrative archive with prison staff prisoners visitors teachers chaplains etc and life story telling where leading questions are eschewed in order to return more agency to the participants Currently the full archive made up of 160 walk and talk recordings totaling 300 hours of filmed material is available at the Public Record Office of Northern Ireland where it is preserved and made accessible to the public and a website has been designed for educational use of the archive This collection offers critical reflections on the processes of recording archiving and utilising the archive in its several manifestations e.g. feature films website and full archive at the

Public Records Office The perspectives offer a range of reflections including filming editing archiving web design education and museum practice
