Reclaiming Our Roots, Volume II Mark Ellingsen, 2012-04-01 This second volume of Reclaiming Our Roots carries readers on a whirlwind journey from the eve of the Reformation to developments in Christianity in the twentieth century As in the first volume Mark Ellingsen gives special attention to the history of Christianity in the southern hemisphere the church among minority cultures in North America and the role of women in church history Ellingsen's careful and critical eye ranges over the entire panorama of modern church history He provides balanced theological analyses of major movements and figures as well as the interactions between them Ellingsen presents church history as an opportunity to enter into a dialogue with the church's richly diverse heritage He sees the role of church history as Community builder teaching the faithful their heritage Safety patrol sensitizing church leaders to the errors of the past that they must still confront Liberating instrument learning to look at reality from the perspective of the other no longer chained to one's own suppositions and cultural biases and Source of theological creativity providing access to the stimulating insights of the great theological minds of the past This thought provoking book offers readers a sympathetic exposure to a variety of credible scholarly interpretations of major figures and encourages them to make their

own judgments with the help of suggested primary source readings Ellingsen closes each chapter with questions that lead readers to ponder the deeper meanings of various events in the history of Christianity The Musician, 1919 **The Workes of ... W. Pemble ... Third Edition** William PEMBLE, 1635 Microsoft Encarta College Dictionary Anne H. Soukhanov, 2001-07-13 Easy to use quick definition system The most new words more than 32 000 entries and definitions Preeminent coverage of high technology words Christian Theology, Volume Two Thomas N. Finger, 2020-03-09 This is one of the first systematic theologies written from a believer's church chiefly an Anabaptist Mennonite perspective Dr Finger develops his themes throughout the volume in careful dialogue with Reformed Lutheran Roman Catholic and other historic approaches The eschatological approach taken by Finger does not represent a fixation on future events Rather it represents a method of inquiry based on the early Christian conviction that the last things had already occurred through Jesus even though their effects were not yet fully realized Chief among these were the resurrection of the dead the outpouring of the Spirit the coming of God's kingdom and the defeat of the powers of evil After outlining this vantage point Volume I considered eschatology revelation and the work of Christ in its light Volume II begins with anthropology Jesus human work provides the norm for authentic human being Justification comes next and is considered as the eschatological revelation and actualization of God's righteousness through the faithfulness of Jesus Christ After treating the dynamics of personal sanctification Dr Finger explores the context within which it is pursued the church His ecclesiology begins with mission including its approach to non-Christian religions and the sociopolitical realm Volume II ends where most systematic theologies begin with God including the humanity and deity of Jesus Christ Thomas N Finger has undertaken an important task that is rarely attempted the production of a constructive systematic theology informed by judicious dialogue with current biblical scholarship Finger's methodological decision to adopt an eschatological approach enables him to work formally as well as materially from within a perspective shaped by the NT writers his innovative organization of the loci of Christian doctrine with its emphasis on the church as a community of believers living out the tensions between Christ's resurrection and Parousia is a direct result of taking the NT seriously Particularly noteworthy is his exposition of the doctrine of justification in the light of recent paradigm shifts in Pauline studies Finger's book is a productive and edifying work for all who care about the ongoing conversation between Scripture and systematics Richard Hays Duke Divinity School Thomas N Finger has chosen an approach to the systematic presentation of Christian Theology which I also have taken since the publication of my *Theology of Hope* in 1964 He begins with the goal with eschatology With that goal in mind a new light is cast on every single doctrine of Christian theology the light of redemption and the work of the theologian becomes a labor of hope This is a theology of the way With the kingdom of God kept steadily in view it becomes an invitation to walk the way of Jesus Tom Finger's theological prospectus makes a brilliant contribution to ecumenical theological dialogue from the Anabaptist tradition He offers an eschatologically oriented theology for which I can only congratulate him Jurgen Moltmann

Professor of Theology University of Tübingen This volume is not only a contribution to the contemporary discussions in systematic theology It is also an important ecumenical breakthrough The Anabaptist tradition stands as an important dialogue partner in the quest for a common ground in the Christian faith Finger approaches the biblical faith from an eschatological viewpoint that is faithful to the Anabaptist tradition but in dialogue with Roman Catholic classical Protestant and contemporary scholars in both of these traditions He has begun a substantive conversation that will be important into the twenty first century Jeffrey Gros Former Director of the Commission on Faith Order National Council of Christian Churches USA A Concordance to the Canonical Books of the Old and New Testament: to which are Added, a Concordance to the Books Called Apocrypha; and a Concordance to the Psalter, Contained in the Book of Common Prayer ,1859
