SCOPE AND PURPOSE

1. The *Manual of Procedures for Implementing Antimicrobial Stewardship Programs in Hospitals, 2016*, by the Department of Health, Philippines, requires all hospitals to have a hospital antibiotic policy as a stand against antimicrobial resistance and commitment towards appropriate antimicrobial use through effective stewardship.
2. The hospital antimicrobial policy encourages rational antimicrobial prescribing and dispensing practice of all hospital staff with the primary aim of minimizing the morbidity and mortality due to antimicrobial-resistant infection; and preserving the effectiveness of antimicrobial agents in the treatment and prevention of infectious diseases.
3. This policy is mandatory and applies to all hospital staff. Failure to comply may result in disciplinary action.
