Delameter, 2011-05-10 It is 2050 and after years of denial it had become a grim reality The Earth was dying With limited time to find and establish another habitable planet in one of the many universes the leaders of the New Interplanetary Space Agency finally overcome aging issues and decide to send a group of fifteen young orphans into space to carry out the mission Eleven year old Drago and the other orphans from around the world are happy to leave their old lives behind as their ship hurls through space With three adults on board as their guardians all seems to be going well some ninety days into their journey until one of the scientists charged with watching the universe through the Hubble telescope notices an anomaly Unfortunately the blur on the telescope lens is not a piece of space fuzz as he had hoped it is a monster wormhole that has consumed the ship sending the innocent children on board into a different galaxy and toward an unknown planet As the ship enters its landing orbit around a strange planet Drago and the space orphans have no idea they are about to begin the adventure of a lifetime The Argosy, 1902 **Drago's Vendetta** Jim Meehan, 2020-02-07 Drago s Vendetta By Jim Meehan Drago s Vendetta is the story of a man seeking vengeance for the loss of his family in an early World War II bombing A former fighter pilot he sees the recovery of a lost fighter plane as the means to take the war to the bombers who have killed his wife and son The story takes place around a small island near Sicily and intimately chronicles the man s hatred of the war and the belligerents who have taken his loved ones and made his peaceful home a battleground Repairing the fighter with the help of trusted local fishermen he begins flying against both German and British bombers from a hidden strip of beach keeping his secret from his remaining teenage daughter and the other islanders A thriving black market supplies him with fuel and ammunition The British on Malta and the Germans in Sicily soon notice the loss of aircraft to an unmarked fighter and plans are put in motion to find and eliminate it His missions become more difficult as the Mediterranean air war intensifies The grieving widower attracts the sympathy and interest of the local school teacher and also a recent widow who find themselves in competition for his attention Characters in the story also include British German and Italian air crews a Sicilian bar girl involved with a German flyer and the embattled islanders themselves Handbook on Psychopathy and Law Kent A.
