Manufacturing Tales Gary Alan Fine, 1992 The mouse in the Coke bottle the promiscuous cheerleader the exploding Pop Rocks candy the Kentucky Fried Rat If the ballad and the fairy tale were the archetypal folklore forms of an earlier age such contemporary legends constitute the preferred narrative genre of the late twentieth century In Manufacturing Tales award winning folklorist Gary Alan Fine presents a major new theory of the creation and diffusion of contemporary legends in modern society While ballad and fairy tale arose in folk communities and spread through trade and migration contemporary legends thrive in societies crosscut by varied communication channels and relatively open networks By looking at the social structural background the performance context the personality of the teller and the content of the text we gain insight into the formation dissemination and disappearance of these modern legends Fine identifies sex and money as key themes in contemporary legends reflecting

the public's disguised attempts to deal with major contemporary preoccupations From the AIDS crisis to fears of food contamination in restaurants popular anxieties are reflected in folklore As dramatic moving comic and involving texts contemporary legends build relationships among acquaintances and strangers as depictions of the world that we face every day they provide perspective on potential challenges and as shared information they elaborate a consensual understanding of reality Essentials of Public Health Communication Claudia Parvanta,2011 Health Behavior Education Promotion

Psychometrics R. Michael Furr,Verne R. Bacharach,2008 Focusing on the conceptual understanding of psychometric issues such as validity and reliability this textbook introduces psychometric principles at a level that goes into more detail than introductory undergraduate texts yet also more intuitive than more technical publications intended for postgraduate level By emphasizing conceptual development and practical significance over mathematical proofs this book assists students in appreciating how measurement problems can be addressed and why it is important to address them **Touching Base**

Steven A. Riess,2023-12-11 The revised and expanded edition of Touching Base examines the myths realities symbols and rituals of America's national pastime Steven Riess details the relationships among urban politics communities and baseball while exploring how Progressive Era sensibilities shaped debates over issues like Sunday games ballpark construction and promotion of the games Focusing on Atlanta New York and Chicago Riess looks at all the participants from spectators to owners to players in analyzing how baseball both influenced and mirrored broader society *The Applied Research in Coaching and Athletics Annual* ,2004 **Reconstructing Lives** Vanda Fortunato,Keith Gilbert,2003 Field of Magic John

Cairney,2023-02-03 Superstition has been a part of baseball from the beginning From good luck charms to human mascots to ritual statues of Babe Ruth to the curse of Colonel Sanders there may be almost as many superstitions as players or fans Drawing on social science religious studies and SABRmetrics this book explores the rich history of supernatural belief in the game and documents a wide variety of rituals fetishes taboos and jinxes Some of these have changed over time but coping with uncertainty on the field through magical thinking remains a constant Handbook of Sport Psychology Gershon

An Introduction to Statistics Kieth A. Carlson, Jennifer R. Winquist, 2021-01-10 This updated and reorganized Third Edition of this textbook takes a workbook style approach that encourages an active approach to learning statistics Carefully placed reading questions throughout each chapter allow students to apply their knowledge right away while in depth activities based on current behavioral science scenarios each with problem sets and quiz questions give students the opportunity to assess their understanding of concepts while reading

detailed explanations of more complex statistical concepts Additional practice problems further solidify student learning Most activities are self correcting so if a concept is misunderstood this misunderstanding is corrected early in the learning process After working through each chapter students are far more likely to understand the material than when they only read the material
