Making ALL Kids Smarter John DeLandtsheer, 2011 This book helps teachers plan a challenging program for students, particularly gifted students, within a regular education classroom. It addresses brain-compatible learning, which makes it appropriate for a much wider group of students than just the very brightest. Approaches and strategies are explained in a unique and personal style and include the following: use of interdisciplinary themes, analytical thinking exercises, teaching moral dilemmas, Socratic questioning techniques, increasing depth and complexity through interactive games, activities to promote creative thinking, using graphic organizers, and teaching research skills and methods. The author demonstrates how all these strategies and approaches work together to help teachers create a more meaningful learning experience for all students. An added benefit of the author's training, as reflected in this book, is to help put the creativity and search for knowledge back into the learning process.

Building Effective Professional Development in Elementary School Judy Johnson, 2018-04-27 Learn the principles of comprehensive professional development and motivate elementary school teachers to be more effective in the classroom. In *Building Effective Professional Development in Elementary School*, Judy Johnson presents a career-long and comprehensive approach to professional development that gives teachers the support they need to improve instruction and raise the levels of student achievement.
