,2008 Unplugging the City Fábio Duarte,Rodrigo Jose Firmino,2017-10-16 Modernity has entrusted technology with such power that it is treated as an autonomous entity with its own manners and morals Technological disruptions are also socially disruptive technological failures reveal both the constituents of the technology itself and the social fabric woven by this technology Cities are the quintessential technological arrangement not only materially but also as a conceptual framework the ubiquity of technology makes us think and plan cities mostly in terms of technological arrangements Unplugging the City The Urban Phenomenon and its Sociotechnical Controversies proposes a conceptual and methodological framework for analyzing certain urban phenomena as a technological assemblage It demonstrates through multiple case studies the sociotechnical complexities involved in the stabilization and disruption of urban technological arrangements Examples range from the urban phantasmagorias portrayed in science fiction movies to the urban proposals of Brasilia and Masdar from the book of bike sharing systems to pervasive global surveillance systems Written by F bio Duarte and Rodrigo Firmino based on their original research and publications this is an essential resource for those interested in the theory and study of technology and its inextricable influence on the city **Marketing in Latin America and the Caribbean** Joseann

Knight,Fabrizio Noboa S.,Barney G. Pacheco,2022-03-17 Latin America and the Caribbean are often placed in the same geographical and economic grouping However too little is known in either region about the other s business cultures and marketplaces Marketing in Latin America and the Caribbean is a casebook that analyses the marketing histories challenges strategies and vision of small medium and large indigenous businesses from South America Central America Mexico and the Caribbean The book is divided into three core sections Marketing Tactics including product development pricing and digital

marketing Marketing Strategy which considers brand development targeting and positioning and competitive advantage and Global and Regional Marketing considering strategic alliances global expansion and supply chain management The work also captures the competitive strategies used by indigenous firms to drive regional and global expansion in the face of sometimes turbulent marketing environments several of the cases in the book encourage student readers to assess the impact of the COVID 19 pandemic on the strategies and futures of Latin American and Caribbean firms Filling a gap in the literature by focusing on this understudied region and its indigenous firms this text is essential and recommended reading for advanced undergraduate and postgraduate students studying International Marketing Marketing Management and Strategy It will also be of use to academic faculty seeking classroom material that captures authentic Latin American and Caribbean marketing realities The work is supplemented by detailed Teaching Notes for each chapter available online for instructors
