Pd M Pd Kons and the members of organizing committee is essential for the success of the conference We sincerely appreciate all the Advisory Boards for the constant support and guidance It was also a great pleasure to work with such an excellent organizing committee team for their hard work in organizing and supporting the conference In particular the Scientific Committee led by Cand Dr Robbi Rahim M Kom have completed the peer review process of technical papers and made a high quality technical program We are also grateful to Students Conference chairs were leading by Ida Ayu Made Diah Paramiswari for their support and all the authors who submitted their papers to the First ICTES 2018 We strongly believe that ICTES conference provides a good forum for all academicians researchers and practitioners to discuss all Educational science and technology aspects that are relevant to issues and challenge for sustainability in the 4th industrial revolution We also expect that the future ICTES conference will be as successful and stimulating as indicated by the contributions presented in this volume

Excellence Gaps in Education Jonathan A. Plucker, Scott J. Peters, 2020-01-15
 2017 Texas Association for Gifted and Talented Legacy Scholar Book Award 2017 National Association of Gifted Children Scholar Book of the Year Award In *Excellence Gaps in Education* Jonathan A Plucker and Scott J Peters shine a spotlight on excellence gaps the achievement gaps among subgroups of students performing at the highest levels of achievement Much of the focus of recent education reform has been on closing gaps in achievement between students from different racial ethnic or socioeconomic backgrounds by bringing all students up to minimum levels of proficiency Yet issues related to excellence gaps have been largely absent from discussions about how to improve our schools and communities Plucker and Peters argue that these significant gaps reflect the existence of a persistent talent underclass in the United States among African American Hispanic Native American and poor students resulting in an incalculable loss of potential among our fastest growing populations Drawing on the latest research and a wide range of national and international data the authors outline the scope of the problem and make the case that excellence gaps should be targeted for elimination They identify promising interventions for talent development already underway in schools and provide a detailed review of potential strategies including universal screening flexible grouping targeted programs and psychosocial interventions *Excellence Gaps in Education* has the potential for changing our national conversation about equity and excellence and bringing fresh attention to the needs of high potential students from underrepresented backgrounds

Contemporary Curriculum John D. McNeil, 2014-11-17 The Eighth Edition of *Contemporary Curriculum In Thought and Action* prepares readers to participate in the discussion of curriculum control and other matters important to K 12 and university educators The text highlights major philosophies and principles examines conflicting conceptions of curriculum and provides the intellectual and technical tools educators and administrators need for constructing and implementing curriculum

Teaching and Learning Online Franklin S. Allaire, Jennifer E. Killham, 2023-01-01 Science is unique among the disciplines since it is inherently hands on However the hands on nature of science instruction also makes it uniquely challenging when teaching in virtual environments How do we

as science teachers deliver high quality experiences to secondary students in an online environment that leads to age grade level appropriate science content knowledge and literacy but also collaborative experiences in the inquiry process and the nature of science The expansion of online environments for education poses logistical and pedagogical challenges for early childhood and elementary science teachers and early learners Despite digital media becoming more available and ubiquitous and increases in online spaces for teaching and learning Killham et al 2014 Wong et al 2018 PreK 12 teachers consistently report feeling underprepared or overwhelmed by online learning environments Molnar et al 2021 Seaman et al 2018 This is coupled with persistent challenges related to elementary teachers lack of confidence and low science teaching self efficacy Brigido Borrachero Bermejo Gunning Duran Duran 2004 Ideal for undergraduate teacher candidates graduate students teacher educators classroom teachers parents and administrators this book addresses why and how teachers use online environments to teach science content and work with elementary students through a research based foundation **Digital Transformation in Higher Education, Part A** Miltiadis D. Lytras, Andreea Claudia Serban, Afnan Alkhaldi, Sawsan Malik, Tahani Aldosemani, 2024-10-28 Digital Transformation in Higher Education is a pivotal reference through the transformative power of emerging technologies in academia Addressing the dual nature of technology as both a challenge and an opportunity this book presents a rich overview of strategies for integrating digital technology driven advancements

The Routledge Handbook of Youth Physical Activity Timothy Brusseau, Stuart Fairclough, David Lubans, 2020-04-07 Over the past three decades the study of pediatric physical inactivity has become a public health concern The decreases in physical activity have been associated with obesity and numerous hypokinetic diseases In accordance with this public health concern the study of pediatric physical activity has become a central part of research in the health and exercise science fields The Routledge Handbook of Youth Physical Activity is the first book to survey the full depth and breadth of the issues facing this field Bringing together many of the world s experts and practitioners the book helps to develop an understanding of the underlying issues related to pediatric physical activity as well as the role physical activity plays on cognitive psychomotor and social aspects of childhood The book addresses issues with physical activity measurement and discuss wide ranging aspects of physical activity interventions With more emphasis than ever on physical activity this book makes an important contribution to the scholars and practitioners working in the field of youth physical activity This is the first single text on the state of current knowledge related to pediatric physical activity which offers a comprehensive guide to students and academics on these subjects The Routledge Handbook of Youth Physical Activity is key reading for all advanced students researchers practitioners and policy makers with an interest in physical activity youth sport public health matters sport studies or physical education **Bullying by Peers and in the Family: Precursors, Consequences and Intervention** Dieter Wolke, Young Shin Kim, Anat Brunstein Klomek, Tracy Vaillancourt, Andre Sourander, 2021-12-03 **Mathematical and Statistical Methods in Food Science and Technology** Daniel Granato, Gastón Ares, 2014-03-03 Mathematical and

Statistical Approaches in Food Science and Technology offers an accessible guide to applying statistical and mathematical technologies in the food science field whilst also addressing the theoretical foundations Using clear examples and case studies by way of practical illustration the book is more than just a theoretical guide for non statisticians and may therefore be used by scientists students and food industry professionals at different levels and with varying degrees of statistical skill
