Redemption Chosen The Chosen English Edition:

The New Chosen People, Revised and Expanded Edition William W. Klein, 2015-11-25 Controversy rages on about God's choosing people for salvation. Are only the few elect? Rather than typically beginning with the preconceptions of systematic theologies, Dr. William Klein takes up this question by searching for a biblical theology of election. He surveys the OT contexts of God's choosing individuals, prophets, priests, kings to serve divine purposes and considers God's election of the nation of Israel as his special people. This OT study proposes that God's election is both individual and corporate but not always determinative. Individuals entered the people of God by birth but not all the people found salvation. Faith in Yahweh was required. This book traces these elective understandings through the intertestamental literature, identifying continuities and shifts. The bulk of the study and the heart of the argument focus on the New Testament. Klein identifies concepts of election and relationships between writers in the gospels, the Lucan material, Paul's writings, and the rest. The new covenant, God choosing the church in Christ, emphasizes election as corporate while the individual election of Jesus' disciples and of Paul raises the question whether such chosenness is necessarily salvific. In closing, Klein discusses the most engaging and divisive questions around God's election and offers a real challenge to today's church. *Salvation by Faith* Hyonam Kim, 2019-10-07 The doctrines of covenant faith and the order of salvation are crucial components of early modern Reformed soteriology. In seventeenth-century England, these three major doctrines of Reformed theology, which had been taken over undeveloped from the Reformers, took a mature shape but aroused controversies among diverse Protestant groups. Modern historical scholarship on Reformed orthodoxy has produced little significant research that deals with these doctrines synthetically. This examination explores the broader role of faith in relation to these two significant doctrines for salvation in the early modern Reformed theology with specific reference to the thought of Thomas Goodwin. To this end, Hyonam Kim examines Goodwin's life to review his religious experience and to understand his socio-theological context. Goodwin's soteriology was sharpened by his battles on two fronts. The first is the threat of Arminian, Neonomian, and Socinian soteriologies that tended to place meritorious value on faith and on human acts. The second is the Antinomian errors that undervalued faith and human responsibility. Goodwin regarded faith as a key concept for his soteriology. Faith plays a central role in the covenant theology not only because a lack of faith was the immediate cause of breaking the covenant of works but because saving faith was ordained in the covenant of redemption and actually functions in the covenant of grace as the instrument and a condition for the recovery of the relationship of mankind with God. Examination of Goodwin's *ordo salutis* provides specific insight into the place and function of faith in the covenant of grace since each element of an *ordo salutis* refers to the blessings prepared for the elect to be finally saved. Together with the role of faith in Goodwin's covenant theology, therefore, the reconstruction of Goodwin's *ordo salutis* and the close examination of the role of faith in each blessing confirm that although faith may be said to be both an instrument and a condition for salvation, faith is the perfect instrument both for making salvation totally God's

gracious work and for showing that the elect are not passive objects in the covenant

The Jews as a Chosen People S. Leyla Gurkan, 2008-12-05 The concept of the Jews as a chosen people is a key element of the Jewish faith and identity This book explores the idea of chosenness from the ancient world through modernity and into the Post Holocaust era Analysing a vast corpus of biblical ancient rabbinic and modern Jewish literature the author seeks to give a better understanding of this central doctrine of the Jewish religion She shows that although the idea of chosenness has been central to Judaism and Jewish self definition it has not been carried to the present day in the same form Instead it has gone through constant change depending on who is employing it against what sort of background and for what purpose Surveying the different and sometimes conflicting interpretations of the doctrine of chosenness that appear in Ancient Modern and Post Holocaust periods the dominant themes of Holiness Mission and Survival are identified in each respective period The theological philosophical and sociological dimensions of the question of Jewish chosenness are thus examined in their historical context as responses to the challenges of Christianity Modernity and the Holocaust in particular This book will be of interest to scholars and students of Jewish Studies the Holocaust religion and theology

Chosen Will Become Herds Jonathan Garb, 2009-08-25 A noted expert on Kabbalah Jonathan Garb places the kabbalistic Renaissance within the global context of the rise of other forms of spirituality including Sufism and Tibetan Buddhism

When God Wanted to Destroy the Chosen People Gili Kugler, 2019-06-04 According to narratives in the Bible the threats of the people s end come from various sources but the most significant threat comes as learned from the Pentateuch from God himself What is the theological meaning of this tradition In what circumstances did it evolve How did it stand alongside other theological and socio political concepts known to the ancient authors and their diverse audience The book employs a diachronic method that explores the stages of the tradition s formation and development revealing the authors exegetical purposes and ploys and tracing the historical realities of their time The book proposes that the motif of the threat of destruction existed in various forms prior to the creation of the stories recorded in the final text of the Pentateuch The inclusion of the motif within specific literary contexts attenuated the concept of destruction by presenting it as a phenomenon of specific moments in the past Nevertheless the threat was resurrected repeatedly by various authors for use as a precedent or a justification for present affliction

Theological quarterly, 1917

God'S Plan for His Chosen: the Cost and the Conflict Walt Thrun, 2016-01-14 Gods Plan for His Chosen reaches back to ages past to address events that served as precursors to Adam Such major events included Gods drafting of His detailed plan for those He would create in His own image along with the participants in that plan A major part of the curse resulting from the sin in the garden of Eden included Gods proclamation to Satan that He would put enmity between him and the woman and between his seed and her Seed Such began the odyssey of redemption for man and the ongoing conflict between Gods chosen and the enemy and his seed Much is said about the conflict and the differences between the kingdom minority and the world majority The lengthiest and final chapter of Gods Plan for His

Chosen is in fact entitled What in the World Is the Majority Up To These Days and addresses such issues as secular progressivism in America This book is ideally suited for group Bible studies inasmuch as 959 verses are quoted from 51 books of the Bible **Hubert's Two Anchors, Or, Service Chosen** E. A. W.,1878 **Who Are the Real Chosen People?** Reuven Firestone,2011-01-18 What Does It Mean to Be Chosen Why Did God Have to Choose To be chosen can have a range of meaning from the mundane to the holy but in all cases it means to be singled out and preferred over others In a deep sense that permeates much or most of Western culture having been chosen communicates a sense of something that is extraordinary is transcendent and entitles a reward What is assumed in this sense of the term is that God has done the choosing and the reward is something that is unequalled for what could possibly equal divinely ordained eternal happiness from the Introduction Religious people who define themselves as monotheists have often advanced the idea that their relationship with God is unique and superior to all others Theirs supersedes those who came before and is superior to those who have followed This phenomenon tends to be expressed in terms not only of supersessionism but also chosenness or election Who is most beloved by God What expression of the divine will is the most perfect Which relationship reflects God s ultimate demands or desire In this fascinating examination of the religious phenomenon of chosenness Reuven Firestone explores the idea of covenant and the expressions of supersessionism as articulated through the scriptures of the three major monotheistic religions Judaism Christianity and Islam He explores how and why the ongoing competition and friction between these religions came about and offers thoughts about how to overcome it The Chosen . . . For Such a Time like This Uwemedimo Ekaette,2014 Underlay God s purposes and programs throughout all the ages is to bring to a climax the full Salvation of man which is having the fallen man recreated or regenerated and growing up into perfection in the image of Him who created Him or having man attain the full measure of the stature of Christ who is the express image of God In this realm of life sickness poverty sorrow and pains are no more and death is completely abolished This is Eden this is paradise and this is the kingdom of God where righteousness dwells This realm is attainable now I know you wouldn t want to miss out on this Consequently the curtain is ready to be drawn up all things are ready and God is now set to unveil His Sons To this end God is restoring the Sonship message and the reality of the establishment of the kingdom of God upon the earth This gospel seems to have been lost and put aside for over a century now God is causing as many as are ordained or predestined for this to enter into this realm of life This is the fullness of the spirit In this book the author in prophetic undertones unravels the mystery of the coming salvation by the Elect and Chosen ones who are the manifestation of the Sons of God at this close of the church age to the intent that those whom God apprehends may be fully apprehended and persuaded to know the exceeding riches of His grace towards us whom He has Chosen in love before the foundation of the world to the praise of His glory and to know the exceeding greatness of His power that is available to us in us and through us whom He has Chosen and to display the manifold or many sided wisdom of God unto the principalities and powers by the Church in this age and that

which is to come This book is very timely Be warned This book is revolutionary It will upturn your conventional religious worldview and beliefs and set you ablaze on fire and holy desire to lay hold of the fullness of God in Christ Above all it promises to be a blessing to all who read it and give heed to the words of this prophecy Remain blessed *Chosen* Paul J. Caden,2011-12-30 Take a journey with a boy growing up in a small Montana town as he gets drawn into physical and psychological torture incestuous relationships and near death experiences He then gets sucked down to the pits of Hell by addictions to sex and alcohol Only when he hits rock bottom does he find God and himself **Chosen by God** R. C. Sproul,1994-09 The author presents an analysis of the subject of predestination and the sovereignty of God and offers scriptural references to support his opinion *Chosen to Suffer* CP Cannon,2010-05-21 This book was designed to help my brothers and sisters in Christ understand why suffering is necessary My hope is that you began to have a different viewpoint when the art of suffering for Christ is involved I do not profess to know everything but I do know that God receives no pleasure in watching His children suffer Nevertheless He does take pleasure in observing His children model Christ during our times of trouble *The Chosen* A. Beker,2008-05-12 The Chosen explores Judaism s key defining concept and inquires why it remains the central unspoken and explosive psychological historical and theological problem at the heart of Jewish Gentile relations Crisscrossing the twin cultural and theological divides between Judaism Christendom and Islam The Chosen explains how the Jews of all people have come to represent at once the epitome of both the good and the odious Beker covers not only the great stories of how the Jews came to be chosen and the Christian Muslim and Nazi efforts to appropriate the title but also the key role chosenness plays in contemporary anti Semitism and in the current Middle East conflict over the Land of Israel and the chosen city of Jerusalem Gersonides on Providence, Covenant, and the Chosen People Robert Eisen,2012-02-01 Gersonides was one of the intellectual giants of the medieval Jewish world a thinker of remarkable diversity and ingenuity In the light of Gersonides thought on providential suffering and on inherited providence this book analyzes his position on one of the cardinal principles of Judaism the concept of the Chosen People *Chosen and Unchosen* Joel N. Lohr,2009-06-30 Winner of the 2011 RBY Scott Award from the Canadian Society of Biblical Studies Soci t canadienne des tudes bibliques The God of the Bible favors a national people Israel and this is at the cost of the other nations In fact not being Israel usually means humiliation or destruction or simply being ignored by God Reading the text with the grain or placing oneself within the chosen s perspective may seem very well until one considers the unchosen There is much regarding the unchosen that has not been explored in scholarly research but in this important work Lohr attempts to make sense of the question of election and nonelection in the OT as a Christian interpreter and with a concern for the history of interpretation and Jewish Christian dialogue He also corrects a Christian tendency to read election and nonelection as love and damnation respectively a perception that is altogether foreign to the OT itself The unchosen are important to the overall world view of Scripture and although election entails exclusion and God s love for the one people Israel is a love in contrast

to others it does not follow that the unchosen fall outside of the economy of God's purposes his workings or his ways The unchosen often face important tests of their own and have a responsibility to God and the chosen however much this idea defies modern day notions of fairness It is a central idea of Scripture that already appears in the original call of and promises made to Abram and something that if ignored places our larger understanding of God at risk Equally important if contemporary faith communities both Jewish and Christian form their understanding of the other on a faulty reading of Scripture regarding the unchosen chaos and hatred can ensue The political and religious climate of our contemporary world has never presented a more important time to get this matter right Scholars and students alike are finding Chosen and Unchosen to be an indispensable resource as they mull over these difficult questions *Chosen Nation* Braden P.

Anderson, 2012-01-05 Christian teaching and modern sensibilities both eschew nationalism as an extreme fanatical form of patriotism an excessive or disordered form of an otherwise healthy and proper national identity But what if the problem of nationalism is something much more fundamental What if nationalism is actually the process leading to national identity in the first place And what happens when this process entails selectively appropriating and reinterpreting the Christian tradition for the sake of the envisioned nation This book takes up these questions within the context of American Christian nationalism Here the process of interweaving the Christian narrative with American history and myth is examined in depth through a thorough engagement with scholarship on nationalism and within a framework shaped by contemporary theopolitical studies and the biblical narrative The study aims to discern how the Christian Scriptures and theological tradition have been used by Christians themselves to further what amounts to an alternative gospel In so doing this book charts a path for the church to evaluate itself honestly in light of Christ's lordship repent and learn to tell its story more truly

Chosen La Shun L. Carroll, 2024-07-19 In a gripping thriller that delves into the complexities of identity murder and the enduring question of nature versus nurture Chosen follows Ted a man whose quest to find his birth mother leads him to a chilling discovery Chosen his identical twin separated at birth and raised in a starkly different world When a moment of uncontrollable rage leaves Chosen dead at Ted's hands Ted must make a life altering decision turn himself in or flee erasing his ties to the fateful deed As Ted navigates a dizzying maze of moral dilemmas weaving himself into a new narrative the authorities begin to unravel the mystery behind Chosen's disappearance unearthing a tale of twins divided by circumstance and a mother's secretive past Through vivid and immersive prose Chosen explores the divergent paths of two brothers one raised in privilege and the other in poverty casting a spotlight on the influence of upbringing on their individual fates As the investigation deepens readers become voyeurs into the tumultuous psyches of characters grappling with the weight of their choices the elasticity of truth and the undying question of what shapes us **Chosen Tales** Peninnah Schram, 1995-07-01 The storytellers represented in Chosen Tales are among the most active and talented Jewish storytellers in the world This extraordinary collection of 68 stories is in a way a Jewish storytelling festival where storytellers gather to share stories hear

each other's stories and get to know each other better through the stories that are told. Come and experience the magic of the oral tradition. Read and retell these stories again and again so that you too can shape the destiny of the timeless tradition of Jewish storytelling. Hart v. Reid, 243 MICH 175 (1928), 1928 69
