Cavalcanti,2008-03-27 It is timely for researchers to approach metaphor as social and situated as a matter of language and discourse and not just as a matter of thought Over the last twenty five years scholars have come to appreciate in depth the cognitive motivated and embodied nature of metaphor but have tended to background the linguistic form of metaphor and have largely ignored how this connects to its role in the discourses in which our lives are constructed and lived This book brings language and social dimensions into the picture offering snapshots of metaphor use in real language and in real lives across the very different cultures of Europe and Brazil and contributing to the theorizing of metaphor in discourse

International Handbook of Migration, Minorities and Education Zvi Bekerman,Thomas Geisen,2011-10-06 Migrants and minorities are always at risk of being caught in essentialized cultural definitions and being denied the right to express their cultural preferences because they are perceived as threats to social cohesion Migrants and minorities respond to these

difficulties in multiple ways as active agents in the pedagogical political social and scientific processes that position them in this or that cultural sphere On the one hand they reject ascribed cultural attributes while striving towards integration in a variety of social spheres e g school and workplace in order to achieve social mobility On the other hand they articulate demands for cultural self determination This discursive duality is met with suspicion by the majority culture For societies with high levels of migration or with substantial minority cultures questions related to the meaning of cultural heterogeneity and the social and cultural limits of learning and communication e g migration education or critical multiculturalism are very important It is precisely here where the chances for new beginnings and new trials become of great importance for educational theorizing which urgently needs to find answers to current questions about individual freedom community cultural affiliations and social and democratic cohesion Answers to these questions must account for both political and learning perspectives at the macro mezzo and micro contextual levels The contributions of this edited volume enhance the knowledge in the field of migrant minority education with a special emphasis on the meaning of culture and social learning for educational processes
