continuing to deal with the interrelated issues of implementing entry into postal markets and maintaining the universal service obligation The Postal Accountability and Enhancement Act of 2006 in the U S exacerbated financial and managerial problems faced by USPS that result in part from electronic substitution for letter delivery Comprised of original essays by prominent researchers in the field this book addresses the new reality of the postal industry and proposes ways in which postal operators might reinvent themselves Issues discussed include cross border parcel delivery e commerce the transformation of postal networks and the effects of postal liberalization This book will be of interest to postal operators regulatory commissions consulting firms competitors and customers experts in the postal economics law and business and those charged with the responsibility for designing and implementing postal sector policies Researchers in regulatory economics transportation technology and industrial organization will also find useful information in this volume

Reinvention Roundtable ,1994 *Post Office Closure Programme* Great Britain: Parliament: House of Commons: Business, Enterprise and Regulatory Reform Committee,2008 This report examines how the Post Office closure programme is being implemented and areas where it could be improved The Network Change Programme began in July 2007 and the final consultation is scheduled to end in October 2008 This challenging timetable has meant that consultation has been curtailed and the whole process has been rushed The Committee does not accept that a reduction to 7 500 offices is acceptable and a minimum of 11 500 fixed outlets is recommended Post Office Ltd should be clearer in its approach to public consultation about closures The Committee is also concerned that access criteria proximity of population to offices local transport and geographical constraints have not been fully taken into account nor the principle of services being fully accessible to all The process has been improving with more experience but there is still room for further improvement and clarity *Postal Rate Commission Study of Preferred Mail* United States.
