Saga Twilight T0twilight Fascination

**Melissa A. Click, Jennifer Stevens
Aubrey, Elizabeth Behm-Morawitz**

Saga Twilight Twilight Fascination:

The Twilight Saga Claudia Bucciferro, 2013-12-12 When Stephenie Meyer's first novel *Twilight* was published in 2005 it had an astounding reception selling millions of copies. The three sequels that followed *New Moon*, *Eclipse*, and *Breaking Dawn* became international bestsellers as well. The worldwide success of the movie adaptations further cemented the series as a cultural force on par with other popular franchises such as *Harry Potter*. But why is this? What is it about *Twilight* that makes it so appealing to people? And what does *Twilight*'s success reveal about transnational cultural trends? In *The Twilight Saga: Exploring the Global Phenomenon*, Claudia Bucciferro has assembled a collection of essays that examine the series from a variety of perspectives. The essays in this volume consider both the books and the movies, emphasizing the relationships among the texts, the audience, the entertainment industry, and other aspects of the multimillion-dollar franchise. Organized into five sections, the chapters offer a contextualization of the series' appeal, explore different types of *Twilight* audiences, analyze the cultural referents associated with the main characters, and present new ideas regarding representations of gender, sex, class, and race. Concluding essays examine the saga's influence, unveiling its links to newer works such as *The Hunger Games*, *True Blood*, and *Fifty Shades of Grey*. Making sense of how the popular franchise fits within larger contexts, this collection addresses *Twilight* from an interdisciplinary framework including insights from history, philosophy, literature, sociology, fan studies, intercultural communication, film studies, and more. Featuring contributions by scholars from the United States, France, Spain, Chile, and Australia, this book emphasizes the international and intercultural relevance of the *Twilight* phenomenon. The collection is aimed at scholars and students of media and popular culture, but it will also appeal to general readers who are familiar with the series.

Theorizing Twilight Maggie Parke, Natalie Wilson, 2014-01-10 Since the publication of *Twilight* in 2005, Stephenie Meyer's four-book saga about the tortured relationship between human heroine Bella Swan and her vampire love Edward Cullen has become a world-wide sensation, inciting screams of delight, sighs of derision, and fervent pronouncements. Those looking deeper into its pages and on screen can find intriguing subtexts about everything from gender, race, sexuality, and religion. The 15 essays in this book examine the texts, the films, and the fandom, exploring the series' cultural reach and offering one of the first thorough analyses of the saga.

Bitten by Twilight Melissa A. Click, Jennifer Stevens Aubrey, Elizabeth Behm-Morawitz, 2010 This lively collection of essays explores the narrative riches of the *Twilight* stories themselves, even as it looks seriously at the ways they have been marketed and taken up both by their passionate fans and by critics who see them as evidence of a range of cultural and political problems. Janice Radway, Author of *Reading the Romance: Women, Patriarchy, and Popular Literature*, Professor of Communication Studies, Rhetoric and Gender Studies, and American Studies, Northwestern University.

Abstinence Cinema Casey Ryan Kelly, 2016-03-08 From the perspective of cultural conservatives, Hollywood movies are cesspools of vice, exposing impressionable viewers to pernicious, sexually permissive messages. Offering a groundbreaking study of Hollywood films produced since 2000, *Abstinence Cinema*

comes to a very different conclusion finding echoes of the evangelical movement's abstinence only rhetoric in everything from *Easy A* to *Taken* Casey Ryan Kelly tracks the surprising sex negative turn that Hollywood films have taken associating premarital sex with shame and degradation while romanticizing traditional nuclear families courtship rituals and gender roles As he demonstrates these movies are particularly disempowering for young women concocting plots in which the decision to refrain from sex until marriage is the young woman's primary source of agency and arbiter of moral worth Locating these regressive sexual politics not only in expected sites like the *Twilight* films but surprising ones like the raunchy comedies of Judd Apatow Kelly makes a compelling case that Hollywood films have taken a significant step backward in recent years *Abstinence Cinema* offers close readings of movies from a wide spectrum of genres and it puts these films into conversation with rhetoric that has emerged in other arenas of American culture Challenging assumptions that we are living in a more liberated era the book sounds a warning bell about the powerful cultural forces that seek to demonize sexuality and curtail female sexual agency

[Media, Religion and Gender](#) Mia Lövheim, 2013-06-03 *Media Religion and Gender* presents a selection of eminent current scholarship that explores the role gender plays when religion media use and values in contemporary society interact The book surveys the development of research on media religion and culture through the lens of key theoretical and methodological issues and debates within gender studies includes case studies drawn from a variety of countries and contexts to illustrate the range of issues theoretical perspectives and empirical material involved in current work outlines new areas and reflects on challenges for the future Students of media religion and gender at advanced level will find this a valuable resource as will scholars and researchers working in this important and growing field

Interdisciplinary Approaches to Twilight Mariah Larsson, Ann Steiner, 2011-01-12 With contributions from various experts this is an interdisciplinary approach to the global phenomenon that is the *Twilight* series which has evolved well beyond the novels by Stephenie Meyer This anthology contains in depth film analyses gender perspectives economic and literary studies of the book market and several articles on fans and fandom as well as contributions investigating vampire fiction traditions and vampire religious beliefs A theoretically well founded study this volume maps the contemporary cultural experience surrounding *Twilight* and discusses multiple themes such as fear of aging vampire ethics and the cross generational appeal

Jane Austen and William Shakespeare Marina Cano, Rosa García-Periago, 2019-11-06 This volume explores the multiple connections between the two most canonical authors in English Jane Austen and William Shakespeare The collection reflects on the historical literary critical and filmic links between the authors and their fates Considering the implications of the popular cult of Austen and Shakespeare the essays are interdisciplinary and comparative ranging from Austen's and Shakespeare's biographies to their presence in the modern vampire saga *Twilight* passing by Shakespearean echoes in Austen's novels and the authors' afterlives on the improv stage in wartime cinema modern biopics and crime fiction The volume concludes with an account of the Exhibition *Will Jane* at the Folger Shakespeare Library which literally brought

the two authors together in the autumn of 2016 Collectively the essays mark and celebrate what we have called the long standing love affair between William Shakespeare and Jane Austen over 200 years and counting The Future of the Nineteenth-Century Dream-Child Amy Billone,2016-06-10 This book investigates the reappearance of the 19th century dream child from the Golden Age of Children s Literature both in the Harry Potter series and in other works that have reached unprecedented levels of popular success today Discussing Harry Potter as a reincarnation of Lewis Carroll s Alice and J M Barrie s Peter Pan Billone goes on to examine the recent resurrection of Alice in Tim Burton s Alice and of Peter Pan in Michael Jackson and in James Bond Visiting trends that have emerged since the Harry Potter series ended the book studies revisions of the dream child in texts and films that have inspired mass fandom in the twenty first century Stephenie Meyer s Twilight E L James s 50 Shades of Grey and Suzanne Collins s The Hunger Games The volume argues that the 21st century desire to achieve dream states in relationship to eternal youth results from the way that dreams provide a means of realizing the fantastic yet alarming possibility of escaping from time This current identification with the dream child stems from the threat of political unrest and economic and environmental collapse as well as from the simultaneous technophilia and technophobia of a culture immersed in the breathless revolution of the digital age This book not only explores how the dream child from the past has returned to reflect misgivings about imagined dystopian futures but also reveals how the rebirth of the dream child opens up possibilities for new narratives where happy endings remain viable against all odds It will appeal to scholars in a wide variety of fields including Childhood Studies Children s YA Literature Cinema Studies Cultural Studies Cyberculture Gender Studies Queer Studies Gothic Studies New Media and Popular Culture **Postfeminism and**

Contemporary Vampire Romance Lea Gerhards,2022-05-19 In this book Lea Gerhards traces connections between three recent vampire romance series the Twilight film series 2008 2012 The Vampire Diaries 2009 2017 and True Blood 2008 2014 exploring their tremendous discursive and ideological power in order to understand the cultural politics of these extremely popular texts She uses contemporary vampire romance to examine postfeminist ideologies and discuss gender sexuality subjectivity agency and the body Discussing a range of conflicting meanings contained in the narratives Gerhards critically looks genre s engagement with everyday sexism and violence against women power relations in heterosexual relationships sexual autonomy and pleasure self empowerment and self surveillance She asks Why are these genre texts so popular right now what specific desires issues and fears are addressed and negotiated by them and what kinds of pleasures do they offer

Exploring the Rise of Fandom in Contemporary Consumer Culture Lu Wang, Cheng,2017-10-31 Every company wants their business to have a strong loyal following but achieving this feat can be a challenge Examining the growth of fandom popularity in modern culture can provide insights into consumer trends and patterns Exploring the Rise of Fandom in Contemporary Consumer Culture is an innovative scholarly resource that offers an in depth discussion on the soaring popularity of fan communities and how these followers serve a larger purpose in a consumer driven society Highlighting

applicable topics that include brand loyalty fan perceptions social media and virtual realities this publication is ideal for business managers academicians students professionals and researchers that are interested in learning more about how fan behavior can impact the economic environment
