Service Receivable and Inventory—Add-On Module*

Better manage the complexity of your service business with the Service Receivable and Inventory Module for Sage Master Builder.

The Service Receivable and Inventory Module provides complete service management and inventory functionality that integrates with Sage Master Builder accounting and estimating, fixed assets, work order systems that can do as well as installing multiple service management, accounting, estimating, and inventory systems. This integration between modules gives you real-time, up-to-the-minute inventory management.

Service Receivables

The Service Receivables portion of this module makes it easy to handle service contracts, service orders, dispatch, on-call work orders, quotes, and cost-of-sale or billing of service work materials.

Save time by efficiently managing work orders without entering duplicate information into invoices and estimating. Easily turn your estimates into service work orders with the Estimating Basic module. Quickly review information about equipment installed at multiple client sites. Generate service agreement and warranty work. Manage your service technicians: assign work orders based on client location, priority, and technician load and expertise.

Because Service Receivables fully integrates with Inventory, you can keep inventory up to date at the first time a part or service work is completed.

*Add-on modules are sold separately.

Detournement as Pedagogical Praxis James Trier,2014-09-11 The Situationist International SI was a Paris based artistic and political avant garde group that formed in 1957 went through three distinct phases during its existence and dissolved in 1972 In 1967 SI leader Guy Debord published his book The Society of the Spectacle which presents his theory of how the Spectacle i e the Capitalist system in its totality works endlessly though not always successfully to transform people into

spectators whose sole purposes are to consume commodities and to live de politicized passive isolated and contemplative lives To challenge and subvert the Spectacle Debord and his SI associates theorized and practiced the anti spectacular critical art they called detournement which entails reusing existing artistic and mass produced elements to create new combinations or ensembles As Debord wrote in 1956 detournement has the potential to be a powerful cultural weapon in the service of real class struggle In this edited book the authors contribute chapters about how they created their own detournements and used them as central audio visual texts in critical projects that they designed and carried out in a variety of pedagogical situations Most of the projects involved preservice teachers in teacher education courses and the anti spectacular purposes include challenging Hollywood s problematic representations of Native Americans subverting the racist stereotypes of Latin s in a popular children s book and critiquing the neoliberal agenda of the charter school movement This book offers readers detailed accounts of pedagogical projects that can serve as examples of the critical possibilities of detournement
