This is a slightly more concise way to write the phrase, and since you're writing the introduction to your paper here, being economical and precise with your words is especially crucial.

#### Bullet Proofreading

Since you're referring to your unpublished results here, use of the past tense here is more appropriate than the present.

#### Bullet Proofreading

Based on your later critique of data collection instruments (see Chapter 3), invalid here is a more precise term than 'badly made'.

#### Bullet Proofreading
