People Skills For Public Managers:

People Skills for Public Managers Suzanne Mccorkle, Stephanie Witt, 2014-12-18 This book fills the need for a communication based public sector framed book The authors combine just enough basic theory about communication with specific skill development in areas of immediate interest to those who work in the public sector It also features a strong practice orientation with plentiful boxed applications Insights from the Field Skill Development boxes Case Studies It concludes with an especially useful summary chapter that describes the ten essential skills for successful communication

Managing Human Behavior in Public and Nonprofit Organizations Robert B. Denhardt, Janet V. Denhardt, Maria P. Aristigueta, 2012-04-10 The only text in management and organizational behavior to focus on public organizations nonprofit organizations and school systems Managing Human Behavior in Public and Nonprofit Organizations fosters competency in critical management and leadership skills including communication motivation teamwork group dynamics and decision making Cases self assessment exercises simulations and evaluative instruments provide students the opportunity to experience the applied side of theories and to learn both cognitively and experientially The Third Edition covers recent developments in the field including the emergence of positive organizational behavior *Leader-Managers in the Public Sector* Michael S. Dukakis, John H. Portz, 2015-01-28 Highlights the skills and practices necessary for effective leader managers in the public sector It begins by clarifying the differences between leadership and management It then draws on in depth interviews with seven successful leader managers in different policy fields to identify six critical skills and practices that are necessary for good leadership and good management in the public sector Strategic Collaboration in Public and Nonprofit Administration Dorothy Norris-Tirrell, Joy A. Clay, 2017-09-25 Market disruptions climate change and health pandemics lead the growing list of challenges faced by today s leaders These issues along with countless others that do not make the daily news require novel thinking and collaborative action to find workable solutions However many administrators stumble into collaboration without a strategic orientation Using a practitioner oriented style Strategic Collaboration in Public and Nonprofit Administration A Practice Based Approach to Solving Shared Problems provides guidance on how to collaborate more effectively with less frustration and better results The authors articulate an approach that takes advantage of windows of opportunity for real problem solving brings multi disciplinary participants to the table to engage more systematically in planning analysis decision making and implementation breaks down barriers to change and ultimately lays the foundation for new thinking and acting They incorporate knowledge gained from organization and collaboration management research and personal experience to create a fresh approach to collaboration practice that highlights Collaboration Lifecycle Model Metric for determining why and when to collaborate Set of principles that distinguish Strategic Collaboration Practice Overall Framework of Strategic Collaboration Linking collaboration theory to effective practice this book offers essential advice that fosters shared understanding creative answers and transformation results through strategic

collaborative action With an emphasis on application it uses scenarios real world cases tables figures tools and checklists to highlight key points The appendix includes supplemental resources such as collaboration operating guidelines a meeting checklist and a collaboration literature review to help public and nonprofit managers successfully convene administer and lead collaboration The book presents a framework for engaging in collaboration in a way that stretches current thinking and advances public service practice

Public Value and Public Administration John M. Bryson, Barbara C. Crosby, Laura Bloomberg, 2015-08-18 Governments and nonprofits exist to create public value Yet what does that mean in theory and practice This new volume brings together key experts in the field to offer unique wide ranging answers From the United States Europe and Australia the contributors focus on the creation meaning measurement and assessment of public value in a world where government nonprofit organizations business and citizens all have roles in the public sphere In so doing they demonstrate the intimate link between ideas of public value and public values and the ways scholars theorize and measure them They also add to ongoing debates over what public value might mean the nature of the most important public values and how we can practically apply these values The collection concludes with an extensive research and practice agenda conceived to further the field and mainstream its ideas Aimed at scholars students and stakeholders ranging from business and government to nonprofits and activist groups **Public Value and Public Administration** is an essential blueprint for those interested in creating public value to advance the common good

Leadership in Public Organizations Montgomery Van Wart,2014-12-18 Thoroughly revised and updated to reflect the latest thinking in the field this concise yet comprehensive treatment of public sector leadership is designed for upper division and graduate students and can also serve as a guidebook for professionals It offers a full up to date review of public leadership theories covers the major competency clusters in detail and provides both the research on each competency and practical guidelines for improvement **Human Resource Management in Public Service** Evan M. Berman,James S.

Bowman,Jonathan P. West,Montgomery R. Van Wart,2019-03-04 Recognizing the inherent tensions and contradictions that result from managing people in organizations Human Resource Management in Public Service Paradoxes Processes and Problems offers provocative and thorough coverage of the complex issues of management in the public sector Continuing the award winning tradition of previous editions this Sixth Edition helps students to understand complex managerial puzzles and explores the stages of the employment process including recruitment selection training legal rights and responsibilities compensation and appraisal Grounded in real public service experiences the book emphasizes hands on skill building and problem solving New to the Sixth Edition Ethics case studies have been added to all the chapters enabling students to learn about a variety of ethical situations that come up in management Updated and consolidated recruiting strategies offer students a window into the most current methods used in the recruitment process and provide insight into the job seeker s perspective New examples from a broad range of local state federal and international settings enable students to apply key concepts to common management issues **Dynamics of Leadership in Public Service** Montgomery Van

Wart,2014-12-18 Eminently readable current and comprehensive this acclaimed text sets the standard for instruction in

South African Human Resource Management for the Public Sector Barney Erasmus,2005 This report discusses important themes in the field of human resource management for the public sector including managing employee relations strategizing and planning human resources departments and selecting employees within the equal employment opportunity guidelines Current legislation of the field is discussed and new theories on local and international applied research are explored

Managing for Excellence in the Public Sector G. Van der Waldt,D. F. P. Du Toit,1999-12-31 This book provides public administration instructors with a holistic South African perspective presented by means of a systems approach the addressing of current and future distinctive issues and challenges and the presentation of specific remedies the application of proven private sector principles to the public sector and the use of case studies to place theoretical knowledge within a practical frame of reference **Cultural Competence for Public Managers** Espiridion Borrego,Richard Gregory Johnson

III,2011-08-15 Our increasingly globalized society demands a higher level of sophistication when working cross culturally and

internationally in local state and federal governments tribal corporations and nonprofit organizations Cultural Competence for Public Managers offers guidance on how to become a leader in developing cultural competence in your organization It provides a conceptual foundation and successful examples for developing cultural competence including competencies for international collaborations The authors clearly define terms and provide their own cultural competence model that will add significantly to the current field They describe the rapidly changing worldwide demographics that are bringing new cultures into many countries and societies They also examine the issues that culturally diverse landscapes create in the United States Asia Europe Africa and Latin America highlighting the differences between assimilationist and the multicultural viewpoints Drawing on a wide range of examples from universities local state and federal governments health care service providers and nonprofit organizations the book illustrates management practices that are then extended into the relevant cultural context It also includes examples of cultural missteps and cultural competencies that have worked in practice Written in an accessible format and style the book provides practical and useful standards and performance measures proven coaching and mentoring guides as well as templates checklists exercises and guidelines It includes a DVD with coaching guides checklists Organized thematically the book defines the scope of cultural competencies highlights best practices and describes variations in responsibility for administering cultural competence for executives managers supervisors and employees

Citizen, Customer, Partner John Clayton Thomas, 2014-12-18 For almost a half a century scholars and practitioners have debated what the connections should be between public administration and the public Does the public serve principally as citizen owners those to whom administrators are responsible Are members of the public more appropriately viewed as the customers of government Or in an increasingly networked world do they serve more as the partners of public administrators in the production of public services This book starts from the premise that the public comes to government not principally in one role but in all three roles as citizens and customers and partners The purpose of the book is to address the dual challenge that reality implies 1 to help public administrators and other public officials to understand the complex nature of the public they face and 2 to provide recommendations for how public administrators can most effectively interact with the public in the different roles Using this comprehensive perspective Citizen Customer Partner helps students practitioners and scholars understand when and how the public should be integrated into the practice of public administration Most chapters in Citizen Customer Partner include multiple boxed cases that illustrate the chapter's content with real world examples The book concludes with an extremely useful Appendix that collects and summarizes the 40 Design Principles specific advice for public organizations on working with the public as customers partners and citizens

Diffusion and Adoption of Information Technology Karlheinz Kautz, Jan Pries-Heje, 1996-04-30 It is well known that the introduction of a new technology in one organization not always produces the intended benefits Levine 1994 In many cases either the receivers do not reach the intended level of use or simply the technology is rejected because it does not match with the expectations true or false and

the accepted psychological effort to use it The case of formal methods is a paradigmatic example of continual failures The published cases with problems or failures only constitute the visible part of a large iceberg of adoption cases It is difficult to get companies to openly express the problems they had however from the experience of the author failure cases are very common and they include any type of company Many reasons to explain the failures and in some cases the successes could be postulated however the experiences are not structured enough and it is difficult to extract from them useful guidelines for avoiding future problems Generally speaking there is a trend to find the root of the problems in the technology itself and in its adequacy with the preexistent technological context Technocratic technology transfer models describe the problems in terms of these aspects Although it is true that those factors limit the probability of success there is another source of explanations linked to the individuals and working teams and how they perceive the technology

Leadership in Public and Nonprofit Organizations Montgomery Van Wart, Paul Suino, Pamela S. Medina, 2023-04-14 *Leadership in Public and Nonprofit Organizations* Fourth Edition provides a compact but complete analysis of leadership for students and practitioners who work in public and nonprofit organizations Offering a comprehensive review of leadership theories in the field from the classic to the cutting edge and how they relate specifically to the public sector and nonprofit contexts this textbook covers the major competency clusters in detail supported by research findings as well as practical guidelines for improvement These competencies are portrayed in a leadership action cycle that aids readers in visually connecting theory and practice This thoroughly revised new edition also offers Questions for discussion and analysis hypothetical scenarios for each chapter as well as an easily reproducible leadership assessment instrument students may use to apply the theories they've learned Expanded coverage of nonprofit leadership integrated throughout the chapters including in depth discussions about managing volunteers fundraising ethics the nonprofit board advocacy diversity and philanthropy emotional labor and mission based leadership An all new chapter section on virtual leadership approaches designed to help current and future managers cope with the unique opportunities and challenges presented by remote work *Leadership in Public and Nonprofit Organizations* is an essential core text designed specifically with upper level and graduate public administration and nonprofit management courses on leadership in mind but it has also proven an indispensable guidebook for professionals seeking insight into the role of successful leadership behavior in the public and nonprofit sectors It can further be used as supplementary reading in introductory courses examining management competencies in leadership classes to provide practical self help and improvement models and in organizational theory classes that wish to balance organizational perspectives with individual development
