Entertainment is an essential volume for scholars delving into the vibrant yet complex world of popular entertainment Written by a global network of experts this book addresses the unique challenges researchers face in this field The often

dismissed status of popular entertainment coupled with its reliance on physicality and improvisation over scripted performances has meant archival and textual sources tend to be more limited than in related theatre and performance disciplines. This scarcity requires historians to find alternative pathways through the available materials to recuperate seemingly insignificant figures and performance forms from our cultural past. This book provides a candid look into the research processes of its authors highlighting some of the approaches they have adopted to overcome these challenges. It emphasises that reading performance as entertainment is a deliberate methodological choice. Regardless of whether a work is deemed high or low art, legitimate or illegitimate, understanding how it captivates its audience is central to the study of entertainment. Readers will benefit from its in-depth analysis and practical guidance, making it an indispensable resource for anyone studying popular entertainment.

Political Adaptation in Canadian Theatre Kailin Wright, 2020-09-23

In Canada, adaptation is a national mode of survival, but it is also a way to create radical change. Throughout history, Canadians have been inheritors and adaptors of political systems, stories, and customs from the old world and the new. More than updating popular narratives, adaptation informs understandings of culture, race, gender, and sexuality, as well as individual experiences. In *Political Adaptation in Canadian Theatre*, Kailin Wright investigates adaptations that retell popular stories with a political purpose and examines how they acknowledge diverse realities and transform our past. *Political Adaptation in Canadian Theatre* explores adaptations of Canadian history, Shakespeare, Greek mythologies, and Indigenous history by playwrights who identify as English, Canadian, African Canadian, French Canadian, Kuna, Rappahannock, and Delaware from the Six Nations. Along with new considerations of the activist potential of popular Canadian theatre, this book outlines eight strategies that adaptors employ to challenge conceptions of what it means to be Indigenous, Black, queer, or female. Recent cancellations of theatre productions whose creators borrowed elements from minority cultures demonstrate the need for a distinction between political adaptation and cultural appropriation. Wright builds on Linda Hutcheon's definition of adaptation as repetition with difference and applies identification theory to illustrate how political adaptation at once underlines and undermines its canonical source. An exciting intervention in adaptation studies, *Political Adaptation in Canadian Theatre* unsettles the dynamics of popular and political theatre and rethinks the ways performance can contribute to how one country defines itself.

Aliens and Englishness in Elizabethan Drama Lloyd Edward Kermode, 2009-03-19

Covering a wide variety of plays from 1550-1600, including Shakespeare's second tetralogy, this book explores moral, historical, and comic plays as contributions to Elizabethan debates on Anglo-foreign relations in England. The economic, social, religious, and political issues that arose from inter-British contact and Continental immigration into England are reinvented and rehearsed on the public stage. Kermode uncovers two broad alien stages in the drama: distinctive but overlapping processes by which the alien was used to posit ideas and ideals of Englishness. Many studies of English national identity pit Englishness against the alien other so that the native self and the alien settle into antithetical positions. In contrast, *Aliens and*

Englishness reads a body of plays that represent Englishness as a state of ideological invented superiority paradoxically stable in its constant changeability and brought into being by incorporating and eventually accepting and even celebrating rather than rejecting the alien
